

## WOUNDED NEGRO DIED THIS A. M.

VICTIM OF DARKTOWN GUN BATTLE LIVES SEVEN DAYS WITH A DOZEN HOLES SHOT THRU HIM.

The negro Brady who was shot in a gun fight in Darktown on Thursday of last week died this morning about 4 o'clock. It was known from the first that Brady was desperately wounded and that he had a slim chance of recovery, but he lived for seven days with about a dozen holes shot through his intestines.

Paul Combs, the negro who shot Brady, went at once to the county jail and gave himself up to the officers when he learned that Brady had died. Combs himself got an ugly shot in the right breast but was not seriously hurt. From all reports of the trouble, it would seem that Brady was to blame for the difficulty, he having gone to Combs' house with a drawn gun, which he snapped at Combs several times before the latter got busy with his own pistol. "Black Bess," the brunette cuss belli, is about recovered from the bullet wound she received.

## LOCAL RED CROSS HELPS STEEDMAN BOY

Probably there was not a happier boy in Pontotoc county Saturday than George Albert of Steedman, when he received transportation, including Pullman fare, together with meal and lodging tickets, to Dallas, Texas, to enter Grubb's Vocational School.

"I cannot imagine how I could have gotten by without the assistance of the local Red Cross," said Mr. Albert just before leaving for Dallas. He came to Ada a total stranger here and badly disabled from wounds received in the military service in France. He had a wife and baby to support, and as usual, his compensation from the government was very slow in coming. He worked for a time in an Ada restaurant under the greatest physical handicaps. Just as he began to wonder where his next dollar was coming from, a representative of the local Red Cross discovered him and learned something of his circumstances. Since then he has had no cause to worry.

The Red Cross began at once to press his claims for compensation, in the meantime loaning him sufficient money to live on and support his family. Before his compensation arrived the Red Cross interested the vocational training department in Mr. Albert's case and recently got him admitted into the Grubb's Vocational School. He has repaid the Red Cross money advanced but says he can never repay the kindnesses received.

"I can never begin to repay the Red Cross for its interest in me," said Mr. Albert. "I am also under deep obligation to Mr. W. A. Barrett who assisted me in a very material way." Mr. Albert stated that he will receive an allowance of \$125 a month from the government while in school.

Mr. and Mrs. O. F. Davidson have moved to Marshall, Tex., where Mr. Davidson has accepted a position with Rogers Grocery Co. of that place. They left here last Saturday and word received from them today is to the effect that they are well pleased with their new location.

Berry, the expert automobile mechanic, is now with the Willis-Overland Repair Shop, 113 North Broadway. Let him fix your car and do it right.

ADA is After Good Things. The WHITE WAY is one.

## CHICAGO TAKES GLEEFUL REVENGE

WHITE SOX ON HOME GROUNDS BEAT MORAN'S REDS BY DECISSIVE SCORE, MAKING THE SERIES 2 TO 1.

Batteries:  
Chicago—Kerr and Schalk.  
Cincinnati—Fisher and Leque and Rariden.  
Score by innings:  
Chicago.....020 100 00\*—3  
Cincinnati.....000 000 000—0  
Chicago—3 runs, 6 hits, no errors.  
Cincinnati—0 runs, 3 hits, 1 error.

First Inning.  
Cincinnati—Rath grounds out to shortstop. Daubert flies out to center field. Groh fouls out to catcher. No hits, no runs, no errors.  
Chicago—Liebold flies out to left field. E. Collins grounds out to pitcher. Weaver flies out to first base. No hits, no runs, no errors.

Risberg walks. Schalk bunts to pitcher, forcing Gandil at third. Kerr hits to pitcher, forcing Risberg at third. Liebold grounds out to third. Two hits, two runs, one error.

Third Inning.  
Cincinnati—Rariden grounds out to third base. Fisher hits a slow grounder to third and is safe on first. Rath pops out to shortstop. Daubert grounds out to second base, forcing out Fisher at second. One hit, no runs, no errors.

Chicago—E. Collins singles to left field. Weaver singles. Collins stopping on second. Jackson flies out to first base. Felsch grounds out to second base. Weaver being caught at second. Two hits, no runs, no errors.

Fourth Inning.  
Cincinnati—Groh singled. Rousch grounds out to shortstop. Groh going to second. Duncan grounds out to shortstop. Groh going to third and getting caught off the base. One hit, no runs, no errors.

Chicago—Gandil grounds out to third. Risberg triples to right field. Schalk bunts to pitcher, beating it to first and scoring Risberg. Schalk out trying to steal second. Kerr grounds out to shortstop. Two hits, one run, no error.

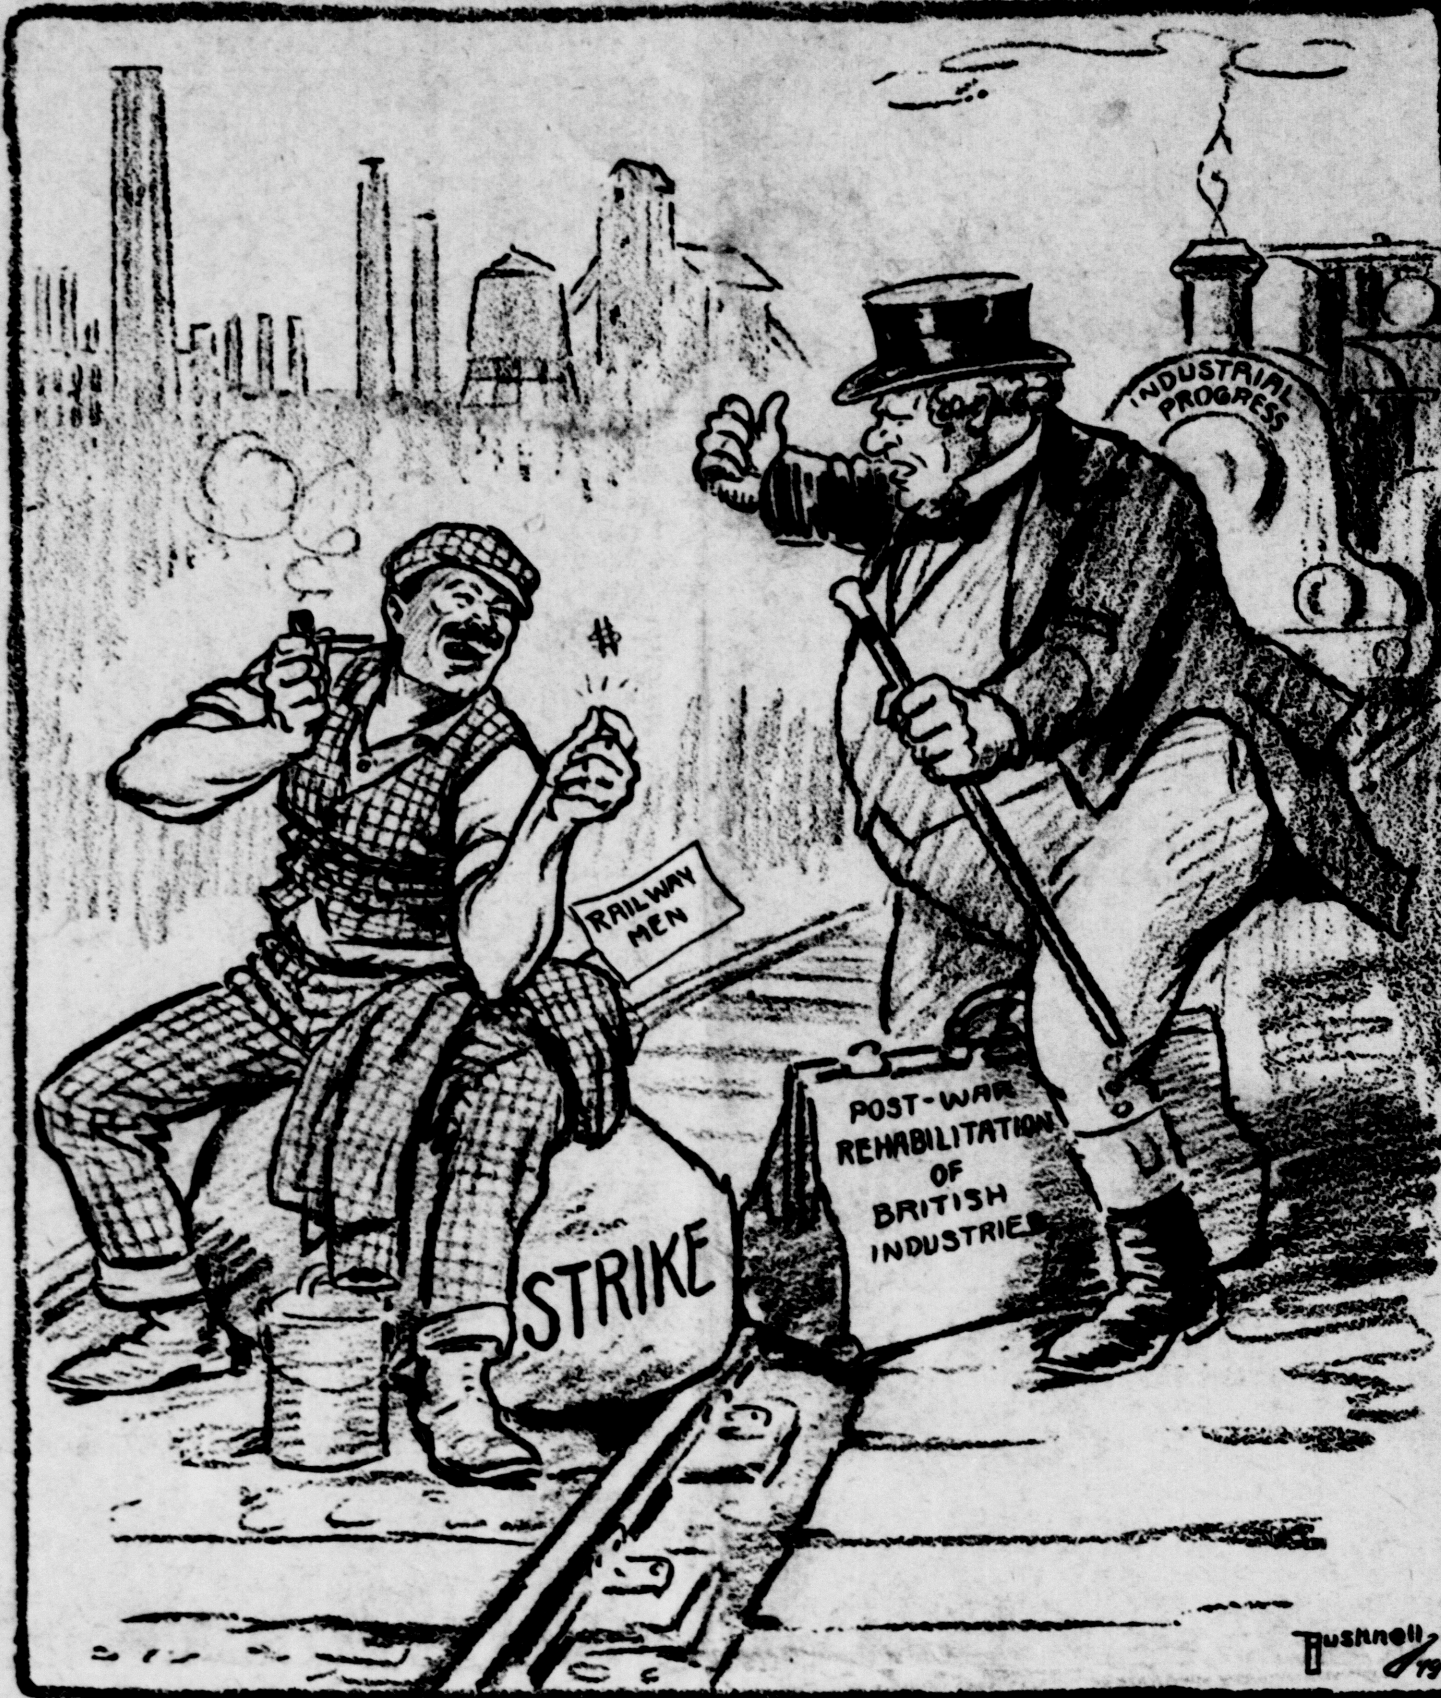

Fifth Inning.  
Cincinnati—Kopf singles to right field. Neale grounds out to second, forcing Kopf out. Neale is safe on first. Rariden grounds out to third. (Continued on Page Four.)

## DR. ODELL PREACHES IN ADA NEXT SUNDAY

Dr. Odell, president of Henry Kendall College at Tulsa, will occupy the pulpit at the First Presbyterian church at both morning and evening services next Sunday. Dr. Odell is not only an able educator, but is also one of the leading ministers of the state. It will be remembered that he delivered the commencement sermon at the normal in the spring of 1918 and made a profound impression upon the large audience. Every person in the city who can do so should hear Dr. Odell next Sunday.

Mrs. M. J. Miller and little son, Billy, of Okmulgee, who have been the guests for the past several days, of Mrs. Miller's parents, Mr. and Mrs. W. H. Patteson, returned this morning to their home at Okmulgee. Mrs. Miller is better known to Ada friends as Miss Fannie Patteson.

## THE STRIKE-IT IS GERM HAS SPREAD TO ENGLAND

## Corpus Christi Grateful to the Salvation Army

DALLAS, Tex., Oct. 3.—Working at all manner of tasks twenty-four workers of the Salvation Army drawn from all corps cities of the southwest have been highly commended in their work by Roy Miller chairman of the Corpus Christi relief committee in a telegram to Herbert B. Ehler finance director for the Salvation Army in the southwest.

The Salvation Army corps workers made a housing survey of Corpus Christi immediately after their arrival. They got into the city on the first train that pushed through. Since that time they have assisted in the work of feeding the refugees in the camp established for them. They are now in charge of feeding and housing all refugees in the devastated zone.

"The Salvation Army is doing magnificent work as part of our relief organization," Mr. Miller said in his telegram to Mr. Ehler, Lieutenant Colonel George Wood and a large corps of workers arrived here as soon as communications were restored and have been on the job ever since.

"No task was too large or too menial for them to undertake and perform. They have made a thorough survey of our housing facilities and provided us with valuable information. They have help in all our relief kitchens and now have exclusive charge of feeding the occupants of our refugee camp.

"They are poor advertisers because they are too busy working. We are grateful to the 'army' beyond words. It has no superior in the field of unselfish service."

EVERYBODY boost the WHITE WAY.

## Open Letter From Judge Bolen to Ada Labor People

Judge J. W. Bolen, who recently received a handsome cut glass set and gold watch from the labor people of Ada and vicinity as mark of their appreciation of the speech he delivered in Ada on Labor Day, hands the News the following open letter to those who made the presents to him. Inasmuch as more than two hundred people contributed to the purchase of these presents, the judge finds it impossible to write a personal letter to each of them and presents this open letter thru the columns of the News.

To the Laboring People of Pontotoc County:

I am in receipt of a very beautiful cut glass set and a beautiful watch, chain and charm, presented to me as a token of appreciation of my remarks on Labor Day. I appreciate these for their intrinsic values and beauty, but this is nothing compared with the sentiment that moved you to give me these nice presents, the feeling of real friendship, so noble, pure and lofty. Personally I feel unworthy of such a devotion, but am glad I can have a full conception of its meaning and a determined effort to hold it in the highest respect.

Boys, I am for you with determination and without reservation. I feel that you stand more for the thoughts that I represent and the code of justice for which I stand than you do for me. You and I will pass away, but the rights of men will never pass. The business of men is large and complex and gives rise to many opinions as to how it should be conducted and regulated, and those who are totally intolerant of the views and judgments of other people on questions of business expediencies and ideas of justice between man and man are unsafe to set in judgment.

For a long time the manufacturers and distributors of wealth have set the price, not only of their goods, but of the product of the farmer and the price of the laborer. This is too much power to give to any business, and this power has been so abused that the final results show that ten per cent of the people own ninety per cent of the wealth. Labor discerned the error of this policy and conceived the idea that they had something to say about the price of their labor, and in order to have their voice heard, organization was necessary, therefore the American Federation of Labor came into existence for one prime purpose—to set a price on their labor, a right that is apparent to any just thinking man.

Not long ago they said to the (Continued on Page Eight.)

## Vanoss Sailor Leaves to Take Work in Drawing

Arthur Price of Vanoss has left for St. Louis to enter the David Rankin Jr. Trade School. Mr. Price served for a time in the navy but was discharged on account of physical disability received in line of duty. The activity of the local Red Cross secured Mr. Price an appointment by the vocational department to the St. Louis school and he has gone to take up mechanical drawing. Before leaving Ada he expressed his high regard for the work of the Red Cross.

Aldrich is There.

The News bull dog was favored yesterday with a huge watermelon, the gift of C. S. Aldrich who owns the Lakeview Poultry Farm, the same being from a second crop planted and raised on the same ground. It was an elegant specimen and superior in meat and flavor to those of the first crop. All of which is further proof that Pontotoc county is capable of more than the most optimistic could have dreamed. It is believed that by proper manipulation three crops a year of most any adaptable crop grown in this country could be raised.

E. H. Teachman and family, have returned to Ada after an absence of a year or more, during which time they have been living in Garfield county, where Mr. Teachman has been farming. Mr. Teachman will be associated in the cotton business with S. W. Hill during the cotton season at this place this year. Mr. Teachman and family are well and favorably known in Ada and they have a number of friends who will be glad to learn of their return to this city.

## PRESIDENT DOES NOT IMPROVE ANY

PHYSICIANS HOLD CONFERENCE ABOUT HIS CONDITION. HIS DAUGHTERS RUSHING TO HIS BEDSIDE.

By the Associated Press  
WASHINGTON, Oct. 3. 2 P. M. (Ada Time)—President Wilson's condition this morning is much worse. Grave doubts entertained of his recovery.

By the Associated Press  
WASHINGTON, Oct. 3.—There was no improvement in President Wilson's condition this morning and Rear Admiral Grayson, his physician, held another consultation with Rear Admiral Stitt of the Naval Medical School and Dr. Ruffin, Mrs. Wilson's family physician, who participated in yesterday's consultation with Dr. F. X. Dercum of Philadelphia.

The president slept some last night. With him is a trained nurse who is assisting Mrs. Wilson in caring for the patient. The president had no temperature and his heart action is good, it was said at the White House.

Mrs. William G. McAdoo and Mrs. Frances Sayre, daughters of the president, are on their way to Washington. Mrs. McAdoo will arrive this afternoon from New York. Mrs. Sayre is coming from Williamston, Mass. Miss Margaret Wilson, the third daughter, is now in Washington.

Later Reports.  
WASHINGTON, Oct. 3. 1 P. M.—It was said that the family had not been summoned but that Mrs. Sayre and Mrs. McAdoo had expressed a desire to come.

Orders of the physicians that the president be kept absolutely quiet will be strictly enforced, Secretary Tumulty said today. No official business will be brought to the executive's attention, no matter how pressing.

Dr. Grayson talked with Dr. Dercum at Philadelphia by long distance telephone this morning and will keep in constant touch with him. Dr. Dercum will come to Washington from time to time as Dr. Grayson feels he needs him.

Dr. Dercum's opinion.  
PHILADELPHIA, Oct. 3.—Dr. Francis X. Dercum of this city, a noted neurologist, who examined President Wilson as a consulting physician, said today the president's condition is grave but that he is of a cheerful frame of mind.

## KERR AND LYONS MADE RECEIVERS

By News' Special Service  
MUSKOGEE, Oct. 3.—Major Eugene M. Kerr, state senator, and Thomas D. Lyons of Tulsa have been named receivers in the Arkansas river bed and Barney Thlocco allotment cases to succeed J. F. Darby of Tulsa, it was learned at the Federal building today. Oil holdings in each of the cases are said to be over a million dollars.

The appointment, which was made by Federal Judge Williams late yesterday, came only after an all-day conference with interested parties.

Mr. Lyons is a practical oil man, also prominent in democratic political circles. Major Kerr formerly was editor of the Times-Democrat.

Accumulated royalties in these two important cases are said to aggregate from two to four millions of dollars. The Thlocco case was recently decided and now the division of the spoils is being held up by one of the interested parties.

## RAILROAD MEN WILL STAY OUT

REFUSE TO TAKE PART IN INDUSTRIAL CONFERENCE TO BE HELD IN WASHINGTON OCTOBER 6

By the Associated Press  
WASHINGTON, Oct. 3.—Railroad unions representing more than two million workers will not participate in the Industrial Conference called by President Wilson for next Monday unless the basis of labor representation is changed to include the chief executives of all international and national unions.

Timothy Shear of the Brotherhood of Railway Firemen said today the change in representation had been suggested to Director General Hines, but that no reply had been received and none was expected. Because of this, he said, the four brotherhoods did not expect to go into the conference and it was thought the fourteen other railroad unions affiliated with the American Federation of Labor also would not participate.

Oklahoman Still Tied Up.  
The Daily Oklahoman is still tied up with the strike of the printers, very much to the discomfort of T. O. Cullins, the local agent here. Mr. Cullins was in communication with the management this morning, however, and seems to be sure that the difficulty will be settled within the next forty-eight hours.

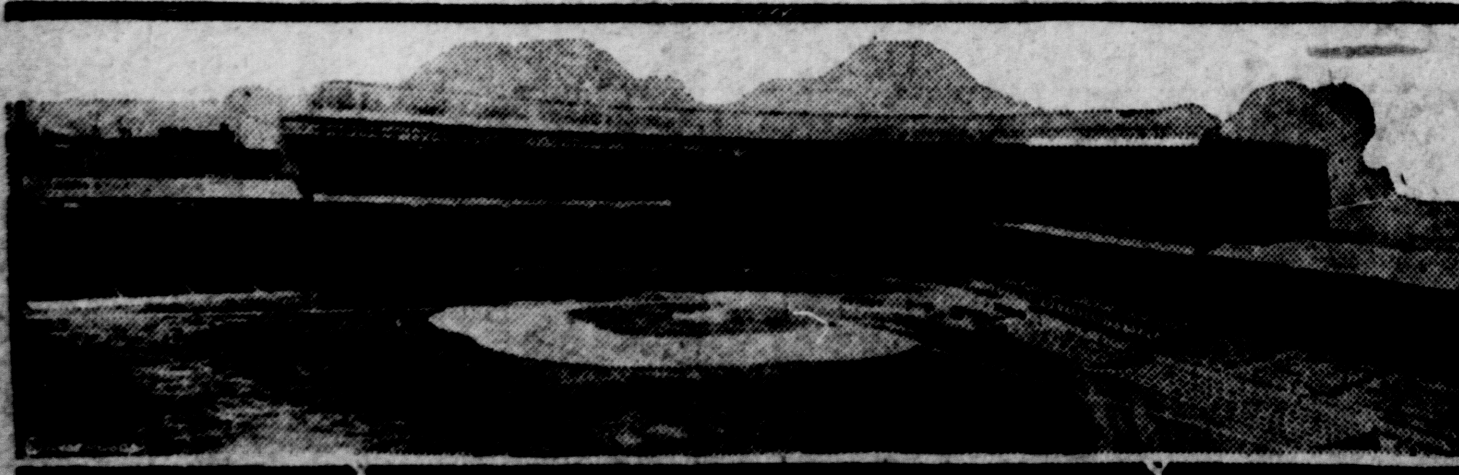

## PUBLIC HEALTH SERVICE AIDS DISABLED MEN

WASHINGTON, Oct. 3.—The placement officer of the Federal Board for Vocational Education is always careful when negotiating with employers to inform them of the physical condition of the disabled men for whom employment is sought. In order that their physical handicap may be minimized as much as possible all disabled soldiers in need of medical examinations or treatment or hospital care, during their course of training under the Board, where such need is traceable to war service, are referred to the medical officers of the Public Health Service in the district, who are at the same time the Board's medical representatives. Similar arrangements have been made for dental treatment and the service of specialists. The Public Health Service will also supply and repair artificial limbs for disabled men receiving vocational training.

The National Catholic War Council, through its committee on reconstruction, has arranged to give free medical service in certain districts to discharged disabled men and their families for one year after discharge. An agreement has been reached by the Council and the Division of Civilian Relief of the American Red Cross and the Bureau of Public Health Service, that duplication of such services will be prevented. The National Catholic War Council is only one of the many agencies that is co-operating with the Federal Board for Vocational Education in the reeducating of the disabled soldier, sailor and marine. In accepting the aid of the agencies that are co-operating with the Federal Board, no duties for which the Board is responsible are delegated to any of them. Their assistance only is desired.

The East Central State Normal boys will leave this afternoon for Tulsa where they will meet Henry Kendall's college boys in a football game. Kendall won from O. B. U. last week by a big score and our boys are expecting to have a hard game. The line up has not been given out but seventeen men will be taken on the trip. Coach Newcomb says he is going to use all of the men in the game and the boys are hopeful of putting it over the Tulsa crowd.

W. M. Cooper, local agent for the Overland and Maxwell cars, is in Oklahoma City, looking after business interests and in an effort to speed up deliveries of these cars.

You are most cordially invited to hear Dr. Odell, president of Henry Kendall college, at the Presbyterian church Sunday morning and evening. He is a man of rare attainments. 10-3-11

Hugh Biles, of the Magnolia Petroleum Company of Ardmore, came in this morning for the visit over the week end with his parents, Mr. and Mrs. J. A. Biles, 201 East Thirtieth street.

Dr. F. R. Laird is attending the Center District Dental Society, which is in session at Oklahoma City today and tomorrow. Pontotoc county with a number of other counties is included in this district society.

Miss Ester Tobias went to Muskogee this morning where she will be the house guest of her friend, Miss Blanch Odell, during the remainder of this week, while the fair is in session at that place.

Mrs. J. T. Anderson, of Nashville, Tenn., and Mrs. U. R. Watson and baby of Paducah, Ky., mother and sister, respectively, of Mrs. C. C. Morris are visiting in the Morris home for several days, they having arrived in Ada Thursday.

Mr. Ben Cooper of the Fleet Cooper Garage, returned from Fort Worth, Tex., several days ago and was accompanied home by his wife. Mr. and Mrs. Cooper have an apartment at the home of Mrs. L. B. Kee, 117 East Fourteenth, where they are at home to their friends.

## TULSA TOURISTS TAKEN FROM TRAIN

Two southbound tourists were snatched from the rods or blind baggage of a Frisco passenger train at the local station last night by the city police. They are charged with fracturing a city ordinance which puts a legal ban on riding down among the revolving wheels of steam cars. The two were locked up in the city jail until such a time today as they may be called before his honor the mayor to explain why they prefer the outside of trains for traveling purposes. They gave their names as E. N. Bateman and A. L. Linker and claim to live at Tulsa. Wherever they live it is in a community where bathing is either one of the lost arts or never yet heard of.

## SENATOR HARRISON GOES TO ATLANTA

State Senator Luther Harrison, of this city, leaves tomorrow night for Atlanta, Ga., where he will deliver the regular annual address before the national convention of United Confederate Veterans.

Mr. Harrison was selected for this honor not long after the meeting of the state reunion in this city, and as the selection came as a surprise it is presumed that veterans who heard his address here on that occasion must have used their influence to secure him for the principal address at Atlanta.

We strive to do the impossible: Please everybody. And we do, so far as human effort goes.—Pelter's Fashion Shop. 9-30-51

F. L. Finley of the Ada Title & Trust Company went to McAlester this morning to look after official business.

## RACE WAR IS STILL WAGING IN ARK.

REPORTED THAT BATTLE IS WAGING BETWEEN WHITES AND BLACKS NEAR THE TOWN OF ELAINE.

By the Associated Press

LITTLE ROCK, Ark., Oct. 3.—According to a long distance telephone message from a staff correspondent of the Arkansas Democrat, a battle is believed to be in progress between fifty soldiers of the fifth infantry and an equal number of negroes, all of whom are armed, in a wooded district three miles east of Elaine.

Reports of heavy firing have been brought in, and one report to military headquarters was that one soldier and two negroes had been wounded.

## Pavement Pickups

Mrs. Ed Payne left this morning for a weeks visit to her son, Ben Payne, at Wapanucka, Okla.

The price of the Dodge car still remains the same—\$1200 f. o. b. Ada. 10-3-11

Harry Reed returned this afternoon from Muskogee where he had been transacting business in the interests of Dunlap Brothers Store.

Rev. and Mrs. M. A. Cassidy left yesterday for Atlanta, Ga., where they went to attend the National Confederate Reunion, which will be held at that place on the 6th, 7th and 8th of October.

Mrs. Bell Rollin and baby of Madill, who have been the house guest of the former's aunt, Mrs. Frank Yeargin, for the past several days, returned this afternoon to their home.

## PRINTERS AND EMPLOYERS FIRM

EVERY PRINT SHOP IN OKLAHOMA CITY CLOSED WITH NO INDICATION OF EARLY SETTLEMENT.

By the Associated Press

OKLAHOMA CITY, Oct. 3.—With the exception of a strike paper known as the Oklahoma City Press, this city today entered its fifth day without a newspaper. Members of the Oklahoma City Typographical Union No. 283, who walked out individually announced that their demands included \$42.00 for day and \$45.00 for night work instead of a flat scale of one dollar an hour for 48 hours work as at first announced.

There were no indications today that the International Typographical Union, with national headquarters at Indianapolis, have taken any further action in the matter. Publishers and employing job printers assert that they will stand firm for the scale of \$37.00 for day and \$40.00 for night work.

Every printing establishment in the city is closed today and there is nothing to indicate that either side has abrogated.

## LABOR CONFERENCE TO COME REGARDLESS

By the Associated Press

WASHINGTON, Oct. 3.—Regardless of whether or not any additional nations ratify the peace treaty in the meantime there will be no postponement of the labor conference called for October 29th by President Wilson under the authority of the treaty as proposed.

## WOUNDED NEGRO CHICAGO TAKES DIED THIS A. M. GLEEFUL REVENGE

VICTIM OF DARKTOWN GUN BATT. LIVES SEVEN DAYS WITH A DOZEN HOLES SHOT THRU HIM. WHITE SOX ON HOME GROUNDS BEAT MORAN'S REDS BY DECISIVE SCORE, MAKING THE SERIES 2 TO 1.

The negro Brady who was shot in a gun fight in Darktown on Thursday of last week died this morning about 4 o'clock. It was known from the first that Brady was desperately wounded and that he had a slim chance of recovery, but he lived for seven days with about a dozen holes shot through his intestines.

Paul Combs, the negro who shot Brady, went at once to the county jail and gave himself up to the officers when he learned that Brady had died. Combs himself got an ugly shot in the right breast but was not seriously hurt. From all reports of the trouble, it would seem that Brady was to blame for the difficulty, he having gone to Combs' house with a drawn gun, which he snapped at Combs several times before the latter got busy with his own pistol. "Black Boss," the brunette assassin, is about recovered from the bullet wound she received.

## LOCAL RED CROSS HELPS STEEDMAN BOY

Probably there was not a happier boy in Pontotoc county Saturday than George Albert of Steedman, when he received transportation, including Pullman fare, together with meal and lodging tickets, to Dallas, Texas, to enter Grubb's Vocational School.

"I cannot imagine how I could have gotten by without the assistance of the local Red Cross," said Mr. Albert just before leaving for Dallas. He came to Ada a total stranger here and badly disabled from wounds received in the military service in France. He had a wife and baby to support, and as usual, his compensation from the government was very slow in coming. He worked for a time in an Ada restaurant under the greatest physical handicaps. Just as he began to wonder where his next dollar was coming from, a representative of the local Red Cross discovered him and learned something of his circumstances. Since then he has had no cause to worry.

The Red Cross began at once to press his claims for compensation, in the meantime loaning him sufficient money to live on and support his family. Before his compensation arrived the Red Cross interested in Mr. Albert's case and recently got him admitted into the Grubb's Vocational School. He has repaid the Red Cross money advanced but says he can never repay the kindnesses received.

"I can never begin to repay the Red Cross for its interest in me," said Mr. Albert. "I am also under deep obligation to Mr. W. A. Barrett who assisted me in a very material way." Mr. Albert stated that he will receive an allowance of \$125 a month from the government while in school.

Mr. and Mrs. O. F. Davidson have moved to Marshall, Tex., where Mr. Davidson has accepted a position with Rogers Grocery Co. of that place. They left here last Saturday and word received from them today is to the effect that they are well pleased with their new location.

Berry, the expert automobile mechanic, is now with the Willis-Overland Repair Shop, 113 North Broadway. Let him fix your car and do it right.

## Open Letter From Judge Bolen to Ada Labor People

Judge J. W. Bolen, who recently received a handsome cut glass set and gold watch from the labor people of Ada and vicinity as mark of their appreciation of the speech he delivered in Ada on Labor Day, hands the News the following open letter to those who made the presents to him. Inasmuch as more than two hundred people contributed to the purchase of these presents, the judge finds it impossible to write a personal letter to each of them and presents this open letter thru the columns of the News.

To the Laboring People of Pontotoc County:

Gentlemen: I am in receipt of a very beautiful cut glass set and a beautiful watch, chain and charm, presented to me as a token of appreciation of my remarks on Labor Day. I appreciate these for their intrinsic values and beauty, but this is nothing compared with the sentiment that moved you to give me these nice presents. The feeling of real friendship, so noble, pure and lofty. Personally I feel unworthy of such a devotion, but am glad I can have a full conception of its meaning and a determined effort to hold it in the highest respect.

Boys, I am for you with determination and without reservation. I feel that you stand more for the thoughts that I represent and the code of justice for which I stand than you do for me. You and I will pass away, but the rights of men will never pass. The business of men is large and complex and gives rise to many opinions as to how it should be conducted and regulated, and those who are totally intolerant of the views and judgments of other people on questions of business expediencies and ideas of justice between man and man are unsafe to set in judgment.

For a long time the manufacturers and distributors of wealth have set the price, not only of their goods, but of the product of the farmer and the price of the laborer. This is too much power to give to any business, and this power has been so abused that the final results show that ten per cent of the people own ninety per cent of the wealth. Labor discerned the error of this policy and conceived the idea that they had something to say about the price of their labor, and in order to have their voice heard, organization was necessary, therefore the American Federation of Labor came into existence for one prime purpose—to set a price on their labor, a right that is apparent to any just thinking man.

Not long ago they said to the (Continued on Page Eight.)

## Vanoss Sailor Leaves to Take Work in Drawing

Arthur Price of Vanoss has left for St. Louis to enter the David Rankin Jr. Trade School. Mr. Price served for a time in the navy but was discharged on account of physical disability received in line of duty. The activity of the local Red Cross secured Mr. Price an appointment by the vocational department to the St. Louis school and he has gone to take up mechanical drawing. Before leaving Ada he expressed his high regard for the work of the Red Cross.

Aldrich Is There.

The News bull dog was favored yesterday with a huge watermelon, the gift of C. S. Aldrich who owns the Lakeview Poultry Farm, the same being from a second crop planted and raised on the same ground. It was an elegant specimen and superior in meat and flavor to those of the first crop. All of which is further proof that Pontotoc county is capable of more than the most optimistic could have dreamt. It is believed that by proper manipulation three crops a year of most any adaptable crop grown in this country could be raised.

E. H. Teachman and family, have returned to Ada after an absence of a year or more, during which time they have been living in Garfield county, where Mr. Teachman has been farming. Mr. Teachman will be associated in the cotton business with S. W. Hill during the cotton season at this place this year. Mr. Teachman and family are well and favorably known in Ada and they have a number of friends who will be glad to learn of their return to this city.

## PRESIDENT DOES NOT IMPROVE ANY

PHYSICIANS HOLD CONFERENCE ABOUT HIS CONDITION. HIS DAUGHTERS RUSHING TO HIS BEDSIDE.

By the Associated Press  
WASHINGTON, Oct. 3.—There was no improvement in President Wilson's condition this morning and Rear Admiral Grayson, his physician, held another consultation with Rear Admiral Stitt of the Naval Medical School and Dr. Ruffin, Mrs. Wilson's family physician, who participated in yesterday's consultation with Dr. F. X. Dercum of Philadelphia.

The president slept some last night. With him is a trained nurse who is assisting Mrs. Wilson in caring for the patient. The president had no temperature and his heart action is good, it was said at the White House.

Mrs. William G. McAdoo and Mrs. Frances Sayre, daughters of the president, are on their way to Washington. Mrs. McAdoo will arrive this afternoon from New York. Mrs. Sayre is coming from Williamston, Mass. Miss Margaret Wilson, the third daughter, is now in Washington.

Later Reports.

WASHINGTON, Oct. 3, 1 P. M.—It was said that the family had not been summoned but that Mrs. Sayre and Mrs. McAdoo had expressed a desire to come.

Orders of the physicians that the president be kept absolutely quiet will be strictly enforced, Secretary Tumulty said today. No official business will be brought to the executive's attention, no matter how pressing.

Dr. Grayson talked with Dr. Dercum at Philadelphia by long distance telephone this morning and will keep in constant touch with him. Dr. Dercum will come to Washington from time to time as Dr. Grayson feels he needs him.

Dr. Dercum's opinion.

PHILADELPHIA, Oct. 3.—Dr. Francis X. Dercum of this city, a noted neurologist, who examined President Wilson as a consulting physician, said today the president's condition is grave but that he is of a cheerful frame of mind.

## KERR AND LYONS MADE RECEIVERS

By News' Special Service  
MUSKOGEE, Oct. 3.—Major Eugene M. Kerr, state senator, and Thomas D. Lyons of Tulsa have been named receivers in the Arkansas river bed and Barney Thlocco allotment cases to succeed J. F. Darby of Tulsa. It was learned at the Federal building today. Oil holdings in each of the cases are said to be over a million dollars.

The appointment, which was made by Federal Judge Williams late yesterday, came only after an all-day conference with interested parties.

Mr. Lyons is a practical oil man, also prominent in democratic political circles. Major Kerr formerly was editor of the Times-Democrat.

Accumulated royalties in these two important cases are said to aggregate from two to four millions of dollars. The Thlocco case was recently decided and now the division of the spoils is being held up by one of the interested parties.

## RAILROAD MEN WILL STAY OUT

REFUSE TO TAKE PART IN INDUSTRIAL CONFERENCE TO BE HELD IN WASHINGTON OCTOBER 6

By the Associated Press  
WASHINGTON, Oct. 3.—Railroad unions representing more than two million workers will not participate in the Industrial Conference called by President Wilson for next Monday unless the basis of labor representation is changed to include the chief executives of all international and national unions.

Timothy Shear of the Brotherhood of Railway Firemen said today the change in representation had been suggested to Director General Hines, but that no reply had been received and none was expected. Because of this, he said, the four brotherhoods did not expect to go into the conference and it was thought the fourteen other railroad unions affiliated with the American Federation of Labor also would not participate.

Oklahomans Still Tied Up.  
The Daily Oklahoman is still tied up with the strike of the printers, very much to the discomfiture of T. O. Cullins, the local agent here. Mr. Cullins was in communication with the management this morning, however, and seems to be sure that the difficulty will be settled within the next forty-eight hours.

## PUBLIC HEALTH SERVICE AIDS DISABLED MEN

WASHINGTON, Oct. 3.—The placement officer of the Federal Board for Vocational Education is always careful when negotiating with employers to inform them of the physical condition of the disabled men for whom employment is sought. In order that their physical handicap may be minimized as much as possible all disabled soldiers in need of medical examinations or treatment or hospital care, during their course of training under the Board, where such need is traceable to war service, are referred to the medical officers of the Public Health Service in the district, who are at the same time the Board's medical representatives. Similar arrangements have been made for dental treatment and the service of specialists. The Public Health Service will also supply and repair artificial limbs for disabled men receiving vocational training.

The National Catholic War Council, through its committee on reconstruction, has arranged to give free medical service in certain districts to discharged disabled men and their families for one year after discharge. An agreement has been reached by the Council and the Division of Civilian Relief of the American Red Cross and the Bureau of Public Health Service, that duplication of such services will be prevented. The National Catholic War Council is only one of the many agencies that is co-operating with the Federal Board for Vocational Education in the reeducating of the disabled soldier, sailor and marine. In accepting the aid of the agencies that are co-operating with the Federal Board, no duties for which the Board is responsible are delegated to any of them. Their assistance only is desired.

The East Central State Normal boys will leave this afternoon for Tulsa where they will meet Henry Kendall's college boys in a football game. Kendall won from O. B. U. last week by a big score and our boys are expecting to have a hard game. The line up has not been given out but seventeen men will be taken on the trip. Coach Newcomb says he is going to use all of the men in the game and the boys are hopeful of putting it over the Tulsa crowd.

## SCENE OF WORLD SERIES GAMES AT CINCINNATI

## WHERE CHICAGO END OF WORLD SERIES WILL BE STAGED.

SHE'D WALK MILES TO TELL ABOUT IT

NASHVILLE WOMAN SAYS SHE GAINED 25 POUNDS BY TAKING TANLAC.

"I feel so grateful for the wonderful relief I have gotten through taking Tanlac that I would willingly walk twenty miles to tell other sufferers what this medicine has done for me," said Miss Adela McKenzie, of 424 Sixth Ave., Nashville, Tenn. "I suffered for about eighteen months from nervous prostration, and kept getting worse in spite of all I could do. I had no appetite and after eating anything my stomach would burn like fire. I would turn cold one minute and hot the next, and I was so nervous I could hardly sleep at all and lost sixty pounds. "After trying several different medicines without getting relief, my brother got me a bottle of Tanlac and I started taking it. By the time I had finished my second bottle my appetite began to improve and my other troubles were greatly relieved. That burning sensation has disappeared from my stomach, the nervousness is gone, I sleep like a child and I have gained twenty-five pounds in weight." All druggists sell Tanlac.

Cincinnati Team Has Worn Red Fifty-two Years

By the Associated Press. CINCINNATI, Ohio, Oct. 2.—Fifty-two years ago when the H. C. L. caused by the Civil War was beginning to drop and baseball players were discarding their "long pants" for uniforms, Harry Wright, a star of the "National" team of Washington, landed in Cincinnati and put red hose on his players and they became the "Red Stockings." To be more exact, historians tell us that the designation originated in 1867 and the Cincinnati have been "Reds" up to this, their year of glory.

Three years later after the "Red Stockings" had had remarkable success with their professional team Chicago men were inspired to organize a rival professional club. The Chicago team was called the "White Stockings" because they wore white hose in contrast to that of Cincinnati color worn by their rivals. Later their name was changed to White Sox, but the Cincinnati did not become "Red Sox." That name was adopted by the Boston club of the American league. In time the Cincinnati "Red Stockings" became the "Reds."

The Cincinnati Reds made a great pennant race this season but Pat Moran's bunch of ball tossers had nothing on the original Cincinnati "Red Stockings" back in 1869. Their record for that year was unapproachable. The team toured the country from Boston to San Francisco and never lost a game. Sixty-nine games were played before the team met defeat at the hands of the "Atlantics" of Brooklyn in 1870.

On this famous tour of the Cincinnati team it is recorded that Harry Wright, the owner, made money and this was styled the first baseball magnate.

The first year's salary roll of the "Red Stockings" is still on record. It reads like this: Harry Wright, center fielder, \$1,200; George Wright, shortstop, (then the greatest all-around player in the country) \$1,400; Asa Brainard, pitcher, \$1,100; Fred Waterman, third base, \$1,000; Charles Swesey, second base, \$800; Charles Gould, first base, \$800; Douglas Allison, catcher, \$800; Andy Leonard, left fielder, \$800; Cal McVey, right fielder, \$800; and Richard Hurley, utility, \$600.

In 1870 Cincinnati played a disastrous series with the Chicago White Sox. It was no World Series—only a two game affair, but the two victories of the White Sox so disheartened the Red Stockings that the following year the club disbanded. They took defeat hard in those days, the histories tell. But no one can blame the Cincinnati players for being discouraged, seeing that just a year before they had won sixty-nine games without a loss from teams in all parts of the United States. They just naturally hated to lose.

Clemenceau of Royal Descent Is French Claim

By the Associated Press. PARIS, Sept. 28.—Georges Clemenceau, premier of France, is of noble descent, according to the Armorial Francais, which has been looking up his pedigree. The Clemenceau family, it says, can be traced to Jehan Clemenceau, master printer and librarian of Lower Poitou, who in the fifteenth century obtained from Louis XII a patent of nobility and henceforth was known as Jehan Clemenceau de la Clemenceiere. The arms granted to him consisted of "two keys argent crossed on a field azure."

FOREIGN NATIONS SEEK BRAZIL TRADE

By the Associated Press. RIO DE JANEIRO, Brazil, Sept. 27.—(Correspondence of The Associated Press.)—That countries other than the United States realize the growing commercial importance of Brazil and the advantage of establishing new and more extended relations with the largest and perhaps the richest of all South American countries is indicated by the large number of foreign concerns establishing offices or agencies here, or seeking federal permission to carry on business in Brazil.

Every steamer from Europe and the United States brings its quota of business representatives who come prepared to embark in business at once, or to survey the situation and decide upon the desirability of entering the field.

During the last few months an unusual number of new concerns have been authorized to do business here. These include not only companies organized in Brazil with both local and foreign capital, but also many organized and financed in the United States and Europe.

The enterprises will cover wide fields of activities, ranging from banking, insurance and shipbuilding to the establishment of seaside resorts. The greater number of them, however, will engage in the business of importing and exporting. One of the new companies is organized with Lisbon and Oporto capital amounting to \$3,000,000 and proposes to foster trade between Brazil and Portugal and her colonies in West Africa.

Forerunners of Sickness

Medical authorities agree that indigestion and constipation are the forerunners of half the ills of mankind. Don't let a mass of partly digested, decomposing food poison your whole system. When your food is being properly digested, you are free from biliousness, gas, bloating, sick headache, sour stomach, indigestion, coated tongue, Foley Cathartic Tablets, a wholesome physic, thoroughly cleanse the bowels without gripping or nausea, sweeten the stomach and invigorate the liver.

KANSAS FIGHTING THE PROFITEERS

By the Associated Press. TOPEKA, Kan., Oct. 2.—Much information on the "high cost of living" has been gathered by the committee of three and its county sub-committees and it will be tabulated at the governor's office. The committee, composed of Clyde Reed, secretary of Governor Henry J. Allen; James Kimball, state business agent; James M. Crawford, manager; and John M. Crawford, state labor commissioner, took up the organization of the old State Council of Defense in getting data on commodities the cost and selling process of retail stores dealing in groceries, clothing and shoes, in the lists of commodities varying in the different county reports.

"Should the investigation indicate any merchant has been profiteering, is there any state law on which the state could base any action in the courts?" Mr. Reed was asked.

"There is no Kansas law which makes profiteering a criminal offense," he replied. "If some retailer was found to have sold his products at 500 per cent profit, there is no law on the Kansas statute books whereby he could be prosecuted, unless it can be shown that a number of dealers are in a combine. In such instance, of course, the matter would be subject to the state's anti-monopoly law."

"But, although prosecutions are practically out of the question in our price investigation, we have found that the campaign has had a desirable effect. Immediately after we began calling in the retail butchers, the price of meats began to come down. They have dropped as much as 40 per cent for some kinds of meat. The retailers were unable to explain why the retail price had not followed downward with the wholesale price, except that they simply had not paid much attention to the matter, and had just kept on selling at the same old prices."

Now that the federal government has taken action, profiteering takes a more serious form for retailers. There is a federal arrangement through the licensing of retailers which may operate to put any violator of a "fair price" schedule out of business by depriving him of the right to deal in certain commodities. This was a war time regulation and it still is operative. Also, it is believed congress will enact drastic anti-profiteering laws probably in making over the Lever food act into a permanent federal vehicle.

The appointment of Col. W. P. Hackney of Winfield as "fair price director" for Kansas came through the request of U. S. Attorney General A. Mitchell Palmer for Governor Allen to name a Kansas man for the position—which carried no remuneration. Colonel Hackney is now engaged in organizing committees in the various counties to carry out a price investigation. At the governor's office it was stated that as yet there is no indication that Colonel Hackney intends to use the old Council of Defense organization on which the state committee relied for its figures.

THOUSANDS PROCLAIM THE MERITS OF PE-RU-NA

Read Their Letters

Mrs. Martha C. Dale, R. F. D. 1, Cannon, Del., writes: "I am entirely cured of chronic catarrh of the stomach and bowels by PE-RU-NA." Mr. J. Bayer, Glendale, Oregon: "There is no medicine like PE-RU-NA for catarrhal deafness." Mrs. Kate Marquis, Middleburg, Ohio: "PE-RU-NA cured me of catarrh of the head and throat."

Mr. J. H. Collins, Wesson, Mississippi: "PE-RU-NA makes me feel vigorous and able to work without that tired, weak feeling I usually have otherwise."

Mrs. P. Ludvigsen, Austin, Minnesota: "I got rid of my liver trouble and can eat anything since taking PE-RU-NA." Mrs. L. Hearing, 283 East 169th St., New York City: "For catarrh of the head and stomach, I have found PE-RU-NA better than any other medicine."

Mr. W. H. Edgar, 49 Cooper St., Atlanta, Georgia: "PE-RU-NA cured me after I had suffered fifteen years with rheumatism." Mrs. Leona Dodd, R. No. 3, Medon, Tennessee: "PE-RU-NA is a grand medicine for coughs and colds."

So many diseases are due to catarrh and catarrhal conditions, makes PE-RU-NA the best medicine in the world to have on hand for emergencies and general health protection. Thousands of families never without a bottle of PE-RU-NA or a box of PE-RU-NA Tablets in the medicine cabinet. That is the safe way.

You can buy PE-RU-NA anywhere in tablet or liquid form.

B. Y. P. U. WILL RENDER PROGRAM AT FIRST BAPTIST

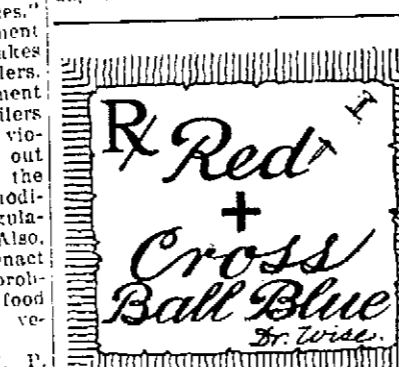

Next Sunday night, October 5th, the Senior B. Y. P. U. will have charge at the regular preaching hour and will render a program. This organization has grown to be one of the strongest in our church, and is doing a marvelous work. Its membership consists of young ladies and young gentlemen. Last Sunday evening they had present fifty-five of the finest young people to be found in the city of Ada, and the program given at that time was splendid. This department of our church life lends itself to the training of young people to be good church members, and it will be from this crowd that the church will draw its future deacons and Sunday School teachers and, in fact, leaders of all departments of our work.

Following is the program to be carried out next Sunday night, beginning promptly at 8:15:

- Subject of meeting, "The Building of Personal Character."
- 1. B. Y. P. U. March, played by Miss Murray Lucas. Upon marching to the rostrum and being seated, the president, Mr. C. A. Bell, will take charge and preside.
- 2. B. Y. P. U. song, "Loyalty to Christ," by entire Union.
- 3. Prayer by circle.
- 4. Song, "Take My Life and Let It Be," by Union.
- 5. Scripture reading, II. Peter, 1-11, by Misses Fay Knott and Ocie Hawkins.
- 6. The Baptist Seventy-Five Million Campaign. Why? and How? by Miss Abbie Kitchens.
- 7. Quartette, song, "When Millions Come Pouring In."
- 8. Baptist Seventy-Five Million Campaign poem, by Miss Opal Little.
- 9. Introduction, by leader, Miss Beuna Nolen.
- 10. The Reason Why We Should Be Active in Character Building, by Mr. Gus Gaur.
- 11. "The Task of Building Character," by Mr. C. A. Bell.
- 12. "The Results of Our Success in Character Building," by Miss Iva McAlister.
- 13. Special music, by Miss Geneva Brady.
- 14. "October and Baptist Young People," by Mr. C. A. Bell.
- 15. Short talk, by pastor, C. C. Morris.
- 16. Benediction.

AMERICAN SOLDIERS GET MEXICAN BOOZE

By the Associated Press. MEXICO CITY, Sept. 30.—Complaints have been received by the authorities here from customs officers in Juarez, Chihuahua, against the actions of American soldiers who are said to cross the border frequently without permits searching for liquor. In some cases, say the officers, the soldiers have entered private homes in their quest. Pedro Delgado, chief of the customs inspectors in Juarez, says that such violations of neutrality create an extremely delicate situation.

RED CROSS PURCHASES LATE CZAR'S PALACE

By the Associated Press. WARSAW, Sept. 26.—(Correspondence of The Associated Press.)—The American Red Cross has purchased the chateau of the late Emperor Nicholas of Russia in the forest of Bialystok. In the days when Nicholas ruled over all the Russians he often journeyed to Bialystok forest with a numerous suite, where hunting parties would be organized. The hundred and twenty rooms formerly occupied by the late Emperor's guests now shelter Polish babies for whom the Red Cross is caring.

Oklmulgee Times: Did you ever notice the difference in the spirit of towns? When you go into some towns everybody seems glad you came and when you go into others, the people act like they wonder what the— you came there for. When the place will express its feelings in words or actions, it is a sort of underlying spirit that is hard to define but easy to detect. Okmulgee belongs in the first class. Let's all cultivate that spirit and learn to make it even more apparent. A reputation for friendliness is a mighty valuable asset for either a town or a man.

## The Town Gossip

THAT DANCE the other night.  
WAS AN awful affair for me.  
AND I'M not knocking the dance.  
OR ANYTHING.  
BECAUSE IT WAS.  
A PERFECTLY good dance.  
BUT JUST the same.  
I HAVEN'T forgotten yet.  
HOW I almost.  
WORRIED MYSELF sick about it.  
AND IT was like this.  
LAST NIGHT.  
I INSISTED upon reading.  
UNTIL IT was almost time.  
TO LEAVE the house.  
AND THEN.  
I HAD to rush around.  
TO BEAT the band.  
SO'S I'D be ready in time.  
AND WE got down.  
TO THE hall.  
AND IT wasn't.  
UNTIL I started out.  
IN THE first dance.  
THAT I noticed.  
HOW LOW my trousers.  
WERE HANGING.  
AND I put my hand.  
TO MY waist.

AND FOUND out.  
THAT I'D forgotten.  
TO PUT on my belt.  
AND THERE I was.  
IN AN awful fix.  
AND THOSE loose anyway.  
AND MOST of the time.  
I JUST stood around.  
WITH MY hands.  
IN MY pockets.  
BUT WHEN I was dancing.  
I COULDN'T do that.  
AND I kept trying.  
TO PUFF myself out.  
AND I was scared.  
EVERY MINUTE.  
THAT THE dog-gone things.  
WOULD GET away from me.  
BUT SOMEHOW or other.  
I MANAGED to keep them up.  
UNTIL THE dance was over.  
AND AS I said before.  
IT WAS an awfully nice dance.  
AND ALL that.  
BUT I hope.  
THAT I'll never.  
HAVE TO go through.  
ANOTHER ONE like it.  
I THANK you.

## RUSSIAN PEOPLE ARE DRIVEN SOUTH

By the Associated Press.  
BELGRADE, Sept. 24.—There has been a constantly increasing exodus of refugees from Southern Russia during the past four months. Driven from their homes by the disorder and unrest there, these unhappy people have wandered into Rumania and Serbia, where the problem of handling their own people is already enormous. About fifteen percent of the appeals received by the American Red Cross at Belgrade during the past month have been on behalf of Russians.  
The Serbians have been very kind to these visitors. The newspapers and billboards are filled with appeals for "Brother Russians" and for the "Children of Serbia's Ally." Yet the Serbians have little to give, and the problem of caring for a great influx of outsiders is a serious one.  
Many of these South Russians are people of considerable means who have brought with them large quantities of local currency of the provinces from which they come. But their rubles are of small value in the eyes of the money changers of the Balkan towns and the plight of the "ruble-millionaire" is little better than that of the penniless refugee. The majority have been passed on to look for work in the farming districts. Two thousand flocked to Belgrade.  
American Red Cross units in all parts of the Balkans report similar influxes of South Russians. A large amount of clothing has also been distributed to them at Saloniki and at Athens. There are 3,000 of them in the latter city. About 20,000 Russians have entered Rumania.  
The Balkan governments hope to find some way of stemming this exodus from Russia during the next few weeks, and even to repatriate a large number as soon as the restoration of normal conditions in the Odessa district makes such a step possible.

### Easier Now Than Later.

It is easier to break up a cold or check a cough now than it will be later. Persistent bronchial coughs that "hang on" all winter pave the way for serious throat and lung diseases. L. W. Day, 66 Campbell Ave., E., Detroit, Mich., writes: "Foley's Honey and Tar relieves one of bronchitis very quickly. I hope never to have it again." This reliable family medicine for the relief of coughs, colds, croup, hoarseness, etc., contains no opiates. Children like it. Sold everywhere. adv.

## GERMAN KIDDIES ARE FOR THE KAISER

By the Associated Press.  
BERLIN, Sept. 29.—In protest against the removal of pictures of the former Emperor William from some of the school rooms of Berlin, the pupils have placed in the empty frames photographs of Premier Ebert and Minister of Defense Noske in bathing suits.

## Happy Felsch Is Holder of Field Record For Outs

By the Associated Press.  
CHICAGO, Oct. 3.—Oscar "Happy" Felsch, who plays center field for the White Sox against the Cincinnati Reds, is the holder of a new record for major league center fielders. On June 20, 1919, while the White Sox were playing Cleveland, "Happy" accepted twelve chances without a slip. Eleven of his chances were flies and one an assist.  
Jimmy Sledge, while playing right field for the Chicago Nationals, in 1897, made twelve put outs and this is the record for all outfielders, as far as put-outs are concerned.  
In 1877, Schafer, who played right field for the Braves, had seven put-outs and four assists and Hornung, left fielder for the same club, gathered ten put-outs and one assist in 1881. O'Brien of the old Metropolitan, had eleven put-outs in 1887, but made an error. Dick Hartley of the Cardinals, in 1918, had eleven put-outs and Topsy Hart, while with the Cubs in 1906, grabbed off the same number.  
Eighty dollars for baseballs for each game played in the World's series! That sounds big, but nevertheless, that is approximately what it will cost to furnish the principal item for the baseball classic this year.  
As in other things, the high cost has hit baseballs, which now bring \$20 a dozen. It is estimated four dozen balls will be used in each game. On this basis, it is decided to play nine games in the series, and it becomes necessary to run the entire string, before the winner is decided, it will cost close to \$1,000 for balls alone.  
The reason that so many are used is because balls fouled into the stands or crowd are seldom returned. During an ordinary game, however, most of the balls which leave the playing field, find their way back.

Manufacturers blame increased prices paid for materials and the high cost of labor for the present price.  
Horsehide used in covering the baseballs has increased in cost during the past three years about 250 per cent. The wool yarn has jumped 200 per cent in three years. The official ball of the National League is made with a cork center. The price of this cork has doubled and a special thread used has increased almost three times. The cork center ball was patented August 31, 1909. It weighs five ounces and is nine inches in circumference. This ball will be used in all games played in the National League ball park during the series. Another ball, similarly made, and adopted by the American League, will be used in all contests in the junior league park.

Worried children are unhappy, puffy and sickly. They can't be otherwise while worms eat away their strength and vitality. A few doses of WHITE'S CHEAM VERMIFUGE performs a marvelous transformation. Cheerfulness, strength and the rosy bloom of health speedily return. Sold by Bart Smith.

"SING SONG" Sunday evening at the Methodist Church. Come and sing with us. 10-3-1t

## OKLAHOMA SPECIAL WILL LEAVE SATURDAY

By News Special Service.  
OKLAHOMA CITY, Oct. 2.—"The Oklahoma Special," which will convey Oklahoma members of the United Confederate Veterans camps to the annual reunion at Atlanta, Oct. 7 to 10, will be routed via the Rock Island, Oklahoma City to Memphis; Frisco to Birmingham and Seaboard Airline to Atlanta.  
Col. R. A. Sned, state commissioner of pensions, one of the committee which had charge of the negotiations of rates, has been notified that tariffs have been received authorizing the reduced fares. The round trip rate from Oklahoma City, via Memphis, is \$18.52, plus \$1.48 war tax, and the sleeper rate is \$3.04 each way. Diverse routes are permitted and the return trip can be made via the Southern Railway through Chattanooga to Memphis and thence to Oklahoma points or via the Nashville, Chattanooga and St. Louis railway through Nashville and Chattanooga to Memphis and thence to Oklahoma points.  
A rate has been authorized from Ardmore via Oklahoma City to Atlanta and return of \$20.56 plus \$1.64 war tax and via Hialeahville for \$18.20, plus 8 per cent war tax. The rate from Tulsa, via McAlester, is \$18.16 plus the war tax and corresponding rates have been authorized from other important points in the state.

## Airplane Will Report South Pole Expedition

By the Associated Press.  
LONDON, Oct. 3.—An airplane, hovering about the South Pole, may send back to London daily wireless advices relative to explorations or scientific researches by the South Pole expedition which is to be led by John L. Cope next summer.  
The explorer, who has served as a surgeon and biologist on previous south polar expeditions, believes the use of airplanes and wireless in probing the solitudes of the icebound antarctic regions will lead to revelations that will make the trip more important, from a scientific point of view, than any previous explorations of the earth's "under side."  
Although new difficulties will be created by the use of aircraft it is claimed the advantages to be obtained are so great as to be obvious to anyone acquainted with such research. It is proposed to equip the airplanes with wireless apparatus having a sending range of several hundred miles ensuring communication with the "mother ship" of the expedition. From this ship summaries of the airplanes' exploits are to be flashed by more powerful instruments back to the civilized world.

## STATE RECEIVES MORE ARMY TRUCKS

By News Special Service.  
OKLAHOMA CITY, Oct. 2.—Max L. Cunningham, state highway engineer, has returned from Washington where he went to appear before the military committee in congress to ask for additional government trucks for federal-state aid highway projects. Oklahoma originally was allotted 184 three and four ton trucks and more than 100 of these have been received by the highway department, the last shipment containing 74 Ford and Nash three ton, four wheel drive, trucks that have been run a very short distance. Cunningham said that he secured the promise of the release of additional trucks to make the total number delivered to the state at this time 174 and that he was able to secure considerable encouragement that additional ones would be sent to Oklahoma.  
The 74 trucks received from Fort Harrison last week have been unloaded at the statehouse. They will be carefully inspected and branded, tagged and equipped before being allotted to counties in which federal-state aid highway work is in progress.

## CONFIDENCE MEN WORKING LONDON

By the Associated Press.  
LONDON, Sept. 29.—Confidence men here have a newer game of victimizing credulous persons. Dressed in an army officer's uniform these tricksters produce papers purporting to show that they are entitled to a monthly allowance payable the following day and offer to sell the paper at a reduced figure.  
A desire to render a service man some return has led many persons to exchange \$75 or \$100 for one of these worthless allowance forms, according to police reports. Public warnings have resulted.

## Better Feeling Advocated By Harvester Head

By the Associated Press.  
CLEVELAND, O., Oct. 2.—The expressed desire of labor to share in the management of business was declared today by Cyrus McCormick Jr., works manager of the International Harvester company, to be in his opinion "the most significant feature in labor conditions of the day." Mr. McCormick was speaking before the National Safety Council on "Co-operation and Industrial Progress."

Pointing out that this desire had taken various forms in various parts of the world, Bolshevism in Russia, strikes in Central Europe, recourse to the "Whitley Plan" in England and clamor for the nationalization of industry, the harvester head continued:

"The underlying significance of all of these movements is the final realization that the relations of employers and employees must from now on be formed on something besides a cash basis. The workman is as interested as ever in his wages and in his hours, but he is asking for more. Sometimes the demands are not well understood even by those putting them forward. What the workman really wants is self-expression. They are asking the right to discuss and adjust matters affecting their own interests."

"Many employers in this country, sensing this situation are admitting the right of their employees to discuss in joint conference, matters affecting the joint interests of capital and labor. This, of course, has involved the recognition of the principle of collective bargaining."

Just as the doctrine of "caveat emptor" has vanished from business, so now is vanishing the fear of collective bargaining, Mr. McCormick said, and "we find ourselves not only permitting the right of workmen to participate in the determination of working conditions but also discussing how this right may be most surely exercised." The method he termed "Employee Representation," and its consideration by American employers he ascribed to four general reasons: (1) Fear of Bolshevism and consequent anarchy; (2) democratization of industry; (3) a desire to introduce "moral right" into industry; and (4) because it will eventually prove most efficient and economical.

Until recent years the American industrial system was a "benevolent despotism," he asserted, with the large employers instituting systems of insurance, workmen's compensation and welfare work, but "everything that was done was imposed from the top and did not come as a result of the expressed desire of the great body of the employees." This, he conceded, was a great extent despotic. "Now also to a great extent despotic. Now the employee is not only given the right, but is urged to accept it, to sit on an equal basis with his employer and decide every question which affects his interests," said the speaker.

He described what he conceived to be the fundamental principles underlying any plan of employee representation and told how successful the plan had been at the International Harvester Company plants where it is in effect.

Through it "Capital and labor are finding a very pleasant mutual understanding of each other's problems," he said, and the gap left by the growth of industry which destroyed the personal contact between employer and employee is being bridged. "The workings of the plan have called upon the representatives of the men and the management alike, to put forward their keenest intelligence," Mr. McCormick said, and the International Harvester Company has been able to discover many inequalities in the wage scale that it did not dream existed."

The American Federation of Labor has mistaken the trend of employer representation, he continued, and no one who sat through the meetings of a Works Council could believe any of the charges of the resolutions passed by the last A. F. L. convention "justifiable." They condemned the plan on the grounds of unfair election of representatives; that democratic organization was not permitted and that committees were intimidated. Mr. McCormick asserted it was not set up in opposition to organized labor and was not an endeavor to create company unions or do anything "to deprive the men of the results which long years of industrial history have secured for them."

"It is a sincere effort to bring capital and labor together for the benefit of each, and to develop between them a family feeling of mutual interest which cannot but be helpful to the development of industry today and tomorrow."

Bring in that picture and let me flame it for you.—C. A. Cummins

## SCOTTISH CLANS CELEBRATE BRAEMAR

By the Associated Press.  
EDINBURGH, Scotland, Sept. 20.—The Braemar Highland Gathering, suspended for five years because of the war, was held this year on September 4 under the patronage of the King.  
The Braemar is one of the oldest Scottish festivals, a games meeting where the national sports predominate.  
The clansmen are Balmoral men, the Farquharsons, the Duffs, and the Forbes men from Strathdon. They are arrayed in their respective tartans, with plaid and broad bonnet, and carry their ancient Lochaber axes. With banners flying, to the skirt of the war pibrochs and headed by their chiefs, their march around the arena of the Princess Royal Park is calculated to stir the enthusiasm of the spectators. The gathering is over 800 years old, for it was founded by Malcolm Canmore.

## WE SECOND THE MOTION

A sensible contribution to the Oklahoma Farmer is an article on roads written by George Bishop, associate editor of the Farmer. In referring to the statewide road bonds election of last May, Mr. Bishop says that the farmers of the state as a rule voted against the bonds not because they opposed roads but because they opposed that particular plan of building roads. He says that inasmuch as it was the farmer vote that beat the bond issue, it is the duty of the farmers to offer some other plan that they favor and will support if the plan is submitted to popular vote.

The suggestion of Mr. Bishop is timely and sensible. Whatever else may be said of the road scheme sent to the scrap heap last May, it was not the only scheme. It probably was not the best scheme possible. It was defeated by the people and those who led the fight against it promised to see that a better measure was proposed. It is now in order that they produce that better measure. Since the proponents of the defeated plan can have no assurance that any plan they might submit would be adopted, it becomes the duty of the negative to present some measure for consideration.

The lethargy among good roads boosters prevailing since the May election is a most serious thing. While Oklahoma waits for someone to suggest something the state is losing millions of federal money that might be available. And while the state is resting and waiting and sleeping, other states have put in motion their road building machinery and are building many miles of roads. There is not a single state that touches Oklahoma without a road building campaign today. Oklahoma is for the present the Rip Van Winkle of the nation.

We second the motion of Mr. Bishop. We are wedded to no particular scheme, but we are heartily in favor of some scheme. We prefer to see the boys who voted in the negative last May take the initiative now. Those who voted in the affirmative at the spring election are ready to go at any time. Oklahoma simply must build roads.

## WE SHALL PUBLISH THE RECORDS

The News is making a special effort to publish all the news of our territory including the court news in general and the criminal courts in particular. Several thousand people are paying us for the news, are expecting it, and have a right to it. It is our purpose to give them what they pay for if we can possibly get possession of the facts. And it is our intention to state why we cannot obtain the facts when we are denied access to public records or have the names of parties suppressed. We shall in justice to ourself give the name of anyone who refuses to show a public record or give the names of those involved.

We are playing no favorites. The society leader or prominent citizen who gets into court has no more right to have the publication of his name suppressed than the boy from the cotton patch who may have imbibed too much Jake. And we do not make the records. We are not responsible for them. We simply tell what those records are. The surest way to stay out of print is to stay out of court. If one goes to court, we are not responsible. But we are going to do our very best to give our readers what they are paying us for.

Ninth Inning.  
Cincinnati—Rath grounds out to second base. Daubert struck out. Groh grounds out to third base. No runs, no hits, no errors.

CHICAGO, Oct. 3.—Carrying a two game lead the Cincinnati Reds today invaded the home territory of the Chicago White Sox for the third contest of the World's Series. Today's game virtually will decide whether the American League pennant winners are to be serious contenders for the championship or face an overwhelming handicap during the remainder of the series.

The two teams, accompanied by about 2,000 Cincinnati rooters, arrived here early today on more than a dozen trains. The Reds confident that they will return to Ohio Sunday night possessors of baseball's highest honors, and the White Sox determined to overcome their handicap while playing on their home grounds.

The first fan appeared at the park at 3:30 o'clock yesterday afternoon and shortly afterwards others appeared.

The local foot ball team of the East Central Normal journeyed to Tulsa this afternoon where they will meet the football squad of the Henry Kendall College on their local field tomorrow. Since this is the first match game of the season for the East Centralites, it is very important that they carry off the high score, regardless of the disfigured features and broken bones that they might bring home with them. And here's hoping that they will all come home sound and whole but winners.

Lawton Constitution: The world will not be "safe for democracy" until the twin evils, autocracy and radicalism, have been done to death.

ADA OIL MEN START  
THINGS IN NEW-MEX

PORTALES, NEW MEX., HAS BIG TIME WHEN FIRST WELL SPUDS

PORTALES, N. M., Oct. 3.—Ada oil men under the auspices of the Portales Chamber of Commerce and the Women's Club, citizens of Roosevelt county, held a big celebration today on the Jack Wilcox Ranch, a few miles southeast of town. The occasion was the spudding in of the well being drilled by the Nu-Mex Oil Company owning 12,000 acres of leases. Schools and business houses were closed and everybody went out to the show. Few people in this county have ever seen an oil derrick and the work of spudding in aroused deep interest.

Ex-Governor W. E. Lindsay presided at the exercises. Addresses were made by Judge Seam G. Bratton of Clovis, Judge T. E. Mears of Portales, Hon. Coe Howard and Colonel George E. Montgomery, a prominent oil operator of Amarillo who brought 10 automobiles filled with oil people from West Texas. Big delegations from Clovis, Roswell, Albuquerque and other New Mexico towns attended, as well as hundreds of visitors from points in Texas. The big oil companies of Oklahoma and Texas sent their representatives who are deeply interested in the oil development of Roosevelt county.

The feature of the day was the barbecue, five big steers were consumed, as well as vast quantities of choice viands furnished by the ladies of Portales. A baseball game between business men and 9 young ladies made a hit. The crowd was entertained also with roping, broncho busting, races and other sports. The Clovis band furnished the music and in the evening a dance was given in Portales for the visitors by the Women's Club.

In addition to the Nu-Mex, three other companies will start drilling in Roosevelt county as soon as the machinery can be installed. The Mesquite Oil & Gas Company are building their rig 25 miles west of Portales, and the Great Western Oil & Gas Company will drill at Kenna about the same distance southwest of town. Colonel Montgomery and his associates of Amarillo are arranging to start a well near Richland and it is reported that a Chicago company is selecting a location. This region has been examined by a dozen or more geologists representing Texas and Oklahoma companies and the extensive developments under way are the result of their favorable reports.

The Nu-Mex well is being drilled by S. P. Smith of Allen, who has a contract to go down 3,600 feet. James E. Webb, of Ada, Okla., drilling superintendent, is looking after the company's interest.

The Nu-Mex company is backed by a crowd of oil and business men from Ada, Okla. They are drilling on a location selected by R. O. LaNeve, the company geologist, who located the Perkins well of Eastland, Texas. The officers of the company are J. D. Lasater, president; J. W. Brown, vice-president; C. G. Anderson, secretary; C. F. Burden, treasurer; Governor W. E. Lindsey, director and counsel for the company.

FALL AMENDMENTS  
FAIL IN SENATE

LEADERS ARE EXPECTED TO GET TOGETHER AND LAY PLANS FOR RUSHING TREATY TO DECISION.

WASHINGTON, Oct. 3.—Having disposed of all except one of the Fall Amendments to the peace treaty by a majority of negative votes, the senate was prepared today to take up other features of the treaty. The future course of the senate in its consideration of the treaty with its league of nations covenant was undecided early today but it was expected that leaders would, soon agree on a program to be carried out in an effort to speed up action.

There remain today the amendment proposed by Senator Fall, Republican of New Mexico, to limit American representation to the reparations committee, six amendments to the league of nations covenant, and two minor amendments.

The vote on the Fall amendments all of which were rejected by majorities ranging from fifteen to twenty eight votes still continued today to be interpreted in different lights. Treaty supporters considered the vote a distinct victory for their forces while leaders of the opposition said the results of the roll call could only be looked on as victory for them inasmuch as the votes of treaty opponents as registered on their roll calls together with absentees of the same opinion guaranteed sufficient votes to bring about the treaty's defeat unless reservations are accepted.

Mr. Ben Cooper of the Fleet Cooper Garage, returned from Fort Worth, Tex., several days ago and was accompanied home by his wife. Mr. and Mrs. Cooper have an apartment at the home of Mrs. L. B. Kee, 117 East Fourteenth, where they are at home to their friends.

## TULSA TOURISTS TAKEN FROM TRAIN

Two southbound tourists were snatched from the rods or blind baggage of a Frisco passenger train at the local station last night by the city police. They are charged with fracturing a city ordinance which puts a legal ban on riding down among the revolving wheels of steam cars. The two were locked up in the city jail until such a time today as they may be called before his honor the mayor to explain why they prefer the outside of trains for traveling purposes. They gave their names as E. N. Bateman and A. L. Linker and claim to live at Tulsa. Wherever they live it is in a community where bathing is either one of the lost arts or never yet heard of.

## SENATOR HARRISON GOES TO ATLANTA

State Senator Luther Harrison, of this city, leaves tomorrow night for Atlanta, Ga., where he will deliver the regular annual address before the national convention of United Confederate Veterans.

Mr. Harrison was selected for this honor not long after the meeting of the state reunion in this city, and as the selection came as a surprise it is presumed that veterans who heard his address here on that occasion must have used their influence to secure him for the principal address at Atlanta.

We strive to do the impossible: please everybody. And we do, so far as human effort goes.—Pelter's Fashion Shop. 9-30-11

F. L. Finley of the Ada Title & Trust Company went to McAlester this morning to look after official business.

## RACE WAR IS STILL WAGING IN ARK.

REPORTED THAT BATTLE IS WAGING BETWEEN WHITES AND BLACKS NEAR THE TOWN OF ELAINE.

By the Associated Press

LITTLE ROCK, Ark., Oct. 3.—According to a long distance telephone message from a staff correspondent of the Arkansas Democrat, a battle is believed to be in progress between fifty soldiers of the fifth infantry and an equal number of negroes, all of whom are armed, in a wooded district three miles east of Elaine.

Reports of heavy firing have been brought in, and one report to military headquarters was that one soldier and two negroes had been wounded.

## Pavement Pickups

Mrs. Ed Payne left this morning for a weeks visit to her son, Ben Payne, at Wapanucka, Okla.

The price of the Dodge car still remains the same—\$1200 f. o. b. Ada. 10-3-11

Harry Reed returned this afternoon from Muskogee where he had been transacting business in the interests of Dunlap Brothers Store.

Rev. and Mrs. M. A. Cassidy left yesterday for Atlanta, Ga., where they went to attend the National Confederate Reunion, which will be held at that place on the 6th, 7th and 8th of October.

Mrs. Bell Rollin and baby of Madrid, who have been the house guest of the former's aunt, Mrs. Frank Yeargin, for the past several days, returned this afternoon to their home.

## PRINTERS AND EMPLOYERS FIRM

EVERY PRINT SHOP IN OKLAHOMA CITY CLOSED WITH NO INDICATION OF EARLY SETTLEMENT.

By the Associated Press

OKLAHOMA CITY, Oct. 3.—With the exception of a strike paper known as the Oklahoma City Press, this city today entered its fifth day without a newspaper. Members of the Oklahoma City Typographical Union No. 283, who walked out individually announced that their demands included \$42.00 for day and \$45.00 for night work instead of a flat scale of one dollar an hour for 48 hours work as at first announced.

There were no indications today that the International Typographical Union, with national headquarters at Indianapolis, have taken any further action in the matter. Publishers and employing job printers assert that they will stand firm for the scale of \$37.00 for day and \$40.00 for night work.

Every printing establishment in the city is closed today and there is nothing to indicate that either side has abrogated.

## LABOR CONFERENCE TO COME REGARDLESS

By the Associated Press

WASHINGTON, Oct. 3.—Regardless of whether or not any additional nations ratify the peace treaty in the meantime there will be no postponement of the labor conference called for October 29th by President Wilson under the authority of the treaty as proposed.

NEW YORK'S STATE TROOPS MAINTAIN ORDER IN STEEL STRIKE.

New York state constabulary driving steel strikers from doorway of drugstore in Buffalo. The New York state constabulary is handling the strike situation in that state. Strike disturbances in Buffalo and other steel centers are ended quickly by the mounted troops. The photo shows a trooper in action. He is breaking up groups of strikers blocking doorways.

THE BIBLE NOW TO BE FILMED

THE SCRIPTURES FROM GENESIS TO REVELATION TO BE VISUALIZED IN MOTION PICTURES.

At last the Bible from Genesis to Revelation is to be visualized in motion pictures.

The ends of the earth see in animated time art the events, the people, the enchanted words, and the vision of that greatest of all charmed books of the world—the Bible.

At last men of vision have arisen who, more as an offering for the wellbeing of mankind than as a commercial enterprise, will transfer to the screen the Bible as it is written, without sect or creed, prejudice, intolerance or any extraneous influence. The Historical Film Company, of America is the official title of the producing company.

That the visualization of the Bible has fallen into reverent hands is evidenced by the fact that even the subtitles will be taken from the Bible text just as it stands and no scenario, editor will impose anything of the secular mind even in explanation of the text.

The director-general of the Historical Film Company of America is Mr. Raymond Wells, who won for himself world-wide fame as director of that wonderful production of "Julius Caesar" at Hollywood, Calif., in 1917, the greatest outdoor stage production ever made in the history of the drama, the Passion Play at Oberammergau not excepted.

Mr. Wells is also a director of motion pictures, having been connected with the largest studios in California, but lately producing independently. J. A. McGill of Vancouver, Washington, is president and general manager, and George E. Reynolds, of Portland, Oregon, is secretary.

In this visualization of the Bible text there will be no stars. Director Wells will cast his pictures according to the types called for in the text and he will draw upon what is most authoritative in literature and art for guidance in staging his scenes.

The St. James version of the Bible will be used exclusively, but no commentaries will be consulted except for art's sake alone. Gustave Doré, Tissot and the master artists of the middle ages will be consulted for details of costume, furnishings, manners and customs of the various periods, and before the finished picture is released for exhibition it will be reviewed by a board of eminent divines who will pass upon its authenticity and certify to its freedom from all taint of sectarian bias.

The present program of the producers is to make fifty-two pictures of two reels each, beginning with a spectacular presentation of the Creation in tableaux and ending with the tremendous and sublime vision of John as set forth in Revelation.

The Garden of Eden, the Deluge, the Ark, the Palace of Belshazzar, the Tower of Babel, Solomon's Temple, the tents of Abraham and his people, the Palace of Pharaoh, the Story of Joseph, the Plagues, the Exodus, the wanderings of the Israelites and the Giving of the Law, the high lights of Jewish history with the prophecies of the Coming of Christ, the Conquests and fiery Furnace, the Lions' Den and fiery Furnace, the Ministry of John, the Ministry of Christ, and the great events following the Crucifixion—in short, the Bible from cover to cover, will be visualized just as the writers of the inspired word set it down.

Upon the hills of Southern California will arise a replica of Jerusalem with its gates and its sacred places, its gardens and its via Dolorosa, Bethlehem, Bethany, Jericho, Nazareth, and all the places made holy ground by the feet of the Master will be filmed with the greatest fidelity to truth possible to achieve under direction of the greatest film experts in the country.

The producers are alive to the fact that they are under a tremendous moral responsibility in undertaking this work and that by their fruits shall they be known; it is there-

THE BIBLE NOW TO BE FILMED

fore their first consideration to be sure of their artistic and historic ground rather than to look to the commercial side of their project. Ever since the first motion picture was made men have talked of the coming of a series of great Bible pictures, but nobody seems to think the visualization of the entire Bible a thing possible of satisfactory accomplishment.

But why not? Years ago the possibilities of motion pictures were demonstrated by such productions as "Cabiria," "Judith of Bethulia," "The Birth of a Nation," and other great pictures, forecasting wonderful things to come—and those wonderful things are here—as may be noted in such chef d'oeuvre of film art as "The Miracle Man," and "Broken Blossoms."

It will be admitted that the Bible, and especially the Ministry of Christ, is the never-failing reservoir of enchantment. Men have learned the great truth that spiritual things are the only reality and that word "spiritual," which a few years ago was never heard from the mouths of business men, is now a phrase of common speech.

And so the Bible has come to be the greatest tool in the workshop of mankind. It is the guide and mentor of the progressive nations of the earth and its glowing truths are rapidly leading benighted nations to the understanding of "Peace on Earth, good will to men."

Why then should it not be put into living pictures in order that all men may read it in that universal language called motion pictures? The day is here. It is being done. The men with the vision and the money to back it have been found and the finest organization of workers in motion picture art and technique in the industry with an army of actors will be busy before the end of October in this greatest of all film undertakings.

The organizers of The Historical Film Company of America claim that their product will make for the betterment of programs in the theatres showing their Bible pictures; that they will help to quiet the unrest of the world, and that as an aid to religion, education, science, art and social welfare their value will be almost incalculable.

19 WHITES AND NEGROES DEAD

MORE THAN 200 UNDER ARREST AS RESULTS OF RACE WAR IN PHILLIPS COUNTY, ARKANSAS.

By the Associated Press. HELENA, Ark., Oct. 3.—With military control established at Elaine, eighteen miles south of this city, and at other villages where the negro population predominates, the task of pacification after the forty-eight hours of disorder was declared well under way today.

The white casualties as a result of the clashes which occurred at intervals since the first outbreak Tuesday night stood today at five dead, the Palace of Pharaoh, the Story of Joseph, the Plagues, the Exodus, the wanderings of the Israelites and the Giving of the Law, the high lights of Jewish history with the prophecies of the Coming of Christ, the Conquests and fiery Furnace, the Lions' Den and fiery Furnace, the Ministry of John, the Ministry of Christ, and the great events following the Crucifixion—in short, the Bible from cover to cover, will be visualized just as the writers of the inspired word set it down.

Upon the hills of Southern California will arise a replica of Jerusalem with its gates and its sacred places, its gardens and its via Dolorosa, Bethlehem, Bethany, Jericho, Nazareth, and all the places made holy ground by the feet of the Master will be filmed with the greatest fidelity to truth possible to achieve under direction of the greatest film experts in the country.

The producers are alive to the fact that they are under a tremendous moral responsibility in undertaking this work and that by their fruits shall they be known; it is there-

FIRE ACCIDENT PREVENTION DAY

OCTOBER 9 DESIGNATED BY GOV. ROBERTSON TO STIMULATE PRECAUTION AGAINST FIRES.

October 9th, the anniversary of the Chicago fire, has been set apart by the common consent of the people of the United States as a day to be dedicated to the prevention of the waste and accident. We are to call a pause in our lives and turn ourselves to reflection on the useless waste occasioned by preventable fire and the human toll that is taken daily by avoidable accident.

The imperative necessity of conserving all our resources during the war, in order that we might destroy the enemies of our country, early aroused our National and State governments to the importance and necessity of eliminating preventable fire waste and accident, and great campaigns were conducted all over the country, to this end. The results were immediate and marvelous. The people responded to the call, and it was clearly demonstrated that this waste may be kept within reasonable bounds by the exercise of forethought and common-sense.

The safety of our people and the progress of the state is directly involved in this question. To prevent injury and death due to avoidable accident is a commanding duty. To reduce the fire waste and thereby conserve our material resources is a problem pressing for attention. The cost of fire and accident insurance, an enormous total, is measured in the terms of losses, and the certain way to reduce these losses, our prosperity may be reduced more than one-half by the exercise of ordinary care and precaution on the part of all the people is everywhere conceded.

Therefore, I hereby designate Thursday the 9th day of October, as Fire and Accident Prevention Day and I earnestly urge its observance by our people in every community in the state. I most urgently recommend:

1. That the heads of families and the good women of the state make a careful inspection of their homes for fire dangers of every kind. Look well to your heating hazards. See that your chimneys are safe, and that your stoves are safe and well installed. It is a great day to clean up and dispose of all waste and rubbish of every kind.

2. That business men, merchants and manufacturers, go through their premises from garret to basement in search of fire hazards that may be removed or remedied. It is an imperative duty to make needed changes and improvements. Your own security and the safety of your employees, not to mention the public interest, demand all necessary precautions.

3. The public schools present a fertile field for educational work in fire prevention. The mind of a child may be so impressed with the dangers incident to fire that he will be careful and watchful during the balance of his life. Programs ought to be arranged in all our schools for the afternoon of this day.

4. This is a day that calls for unusual activity on the part of those who bear the responsibility of official position. The mayors of our towns and cities, the chiefs of our fire departments, civic organizations of every kind, and all those whose duty it is to protect and guide us are urged to organize a fire prevention campaign in their respective communities on this great day.

In Witness Whereof, I have hereunto set my hand and caused to be affixed an impression of the great seal of the State of Oklahoma, this 29th day of September, 1919.

J. B. A. ROBERTSON, Governor of the State of Oklahoma.

(Seal) Joe S. Morris, Sec'y. of State.

Gate Receipts of Series Will Break Records

By the Associated Press.

CHICAGO, Oct. 3.—While it is yet too early to state definitely that the World Series attendance and gate receipts will be eclipsed during the present series between the Cincinnati Nationals and the Chicago Americans, indications point to interesting possibilities in this direction. The great revival in the popularity of baseball and the intense rivalry between the two competing clubs opens the way for new figures under the agreement to play the best five out of nine games.

Under the former arrangement of the best four out of seven games the records show that the average of the series since 1903 has been very close to six games. This has led shrewd judges to point out that the present battle for the premier baseball title will likely run seven or eight games before a winner is produced. Of the fifteen series played since 1903 but three exceeded six games. The struggle between the Boston Americans and the New York Nationals in 1912 was one of the two eight-game series and the record holder to date for both attendance and gate receipts.

With the Cincinnati park seating 33,000 spectators and Comiskey park 26,000 the attendance for eight games would approximate some 275,000 and even a seven-game series would bring the figures within a few thousand of the record of 251,901 made in 1912. It is not so easy to estimate the gate receipts but at the present rate of admission and charges for reserved seats and boxes it appears quite likely that the record receipts of \$490,500 collected in 1912 may be surpassed.

If such is the case it is doubtful, however, that the players of the two pennant winning clubs will profit to the extent that was the case when the Giants and the Red Sox battled for eight games before the latter team brought the conflict to a close in one of the most dramatic games in the history of post-season play. That year the teams divided a little more than \$147,000 giving each of the winning Boston players \$4,022 and the losing New Yorkers \$2,566. In those days the two teams divided 50 per cent of 90 per cent of the gate receipts of the first four games, upon a 60 and 40 per cent basis.

In the present series the distribution is far more complex and the money reaches a number of destinations never thought of seven years ago. It requires a public accountant well provided with illuminating charts to trace the moneys to their final resting place. To begin with, the National Commission usually takes its 10 per cent first from the receipts of each and every game. During the first five games the players of the two teams take 50 per cent and the club owners the 40 per cent of the remaining 90 per cent.

Much to their regret, however, they are not permitted to keep any such lavish emolument. Of the players' pool 25 per cent is immediately set aside for the second and third teams of the two competing leagues; 50 per cent going to the runners-up to the pennant winners and 40 per cent to the third place combinations. The remaining 75 per cent is divided among the actual playing teams, the World Series winners receiving 60 per cent and the losers 40 per cent. The owners of the two clubs fare even worse as they must give over 50 per cent of their winnings to their respective leagues to be divided among the other clubs at a later date. After five games the players cease to participate in the proceeds and the club owners receive 90 per cent of the gate which they continue to divide on a fifty-fifty basis with the other clubs.

It will be seen, therefore, that while there is a possibility of greater attendance and larger gate receipts than ever before neither the competing players nor their club owners will profit to the extent of earlier participants in World Series although the leagues and their players, as a whole, will receive more than at any period in the past.

FINDS UNEXPECTED SOMETIMES HAPPENS

"I suffered for ten years with stomach trouble and doctored away a lot of money before I found a medicine that was a real benefit to me. Since taking one dose of Mayr's Wonderful Remedy 14 weeks ago, I have had more real joy of living than I had in 10 years before."

Is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

CHURCH ATTENDANCE as a means of grace will be sermon subject at the Methodist Church Sunday morning. Don't miss hearing the message. 10-3-21. Muskogee Times-Democrat: With a community kitchen to do mother's work, why not a community work-shop to do father's?

KIMONA SUGGESTION FOR AUTUMN BRIDES

With the winter coming on, the October bride will not look at the chiffon and georgette negligees, but she will want something more substantial in the way of a robe. Silk will be the most practical fabric and fashion experts are suggesting silk embroidered Japanese kimona like this one for the trousseaus of the autumn brides. An attractive feature about this robe is its coloring, which shades from pale lavender or heliotrope at the shoulders to royal purple of the deepest hue at the hem.

ONLY JOKE IN MARRIED LIFE GOES GLIMMERING

DETROIT, Mich., Sept. 30.—That one big laugh of married life, the archaic phraseology of the marriage service, will soon give way to a more modern human formula of pledges for the contracting parties if the proposed revision of the Book of Common Prayer of the Episcopal Church is ratified by the General Convention of the Church which assembles in this city October 8.

The new form recognizes the 20th century equality of woman with man in all the relations of life, making the promises and pledges of the bride in the "form of solemnization of matrimony" the same as the bridegroom's. It eliminates the word "obey" from the pledge made by the woman and eliminates this phrase from the lines of the bridegroom when he gives the ring to the bride: "And with all my worldly goods I thee endow."

This elimination makes the lines at the giving of the ring read as follows: "With this ring I thee wed. In the name of the Father, the Son and the Holy Ghost."

With the words "obey and serve him" eliminated, the pledge to be taken by the woman in the new form of the liturgy reads as follows: "Wilt thou have this man to be thy wedded husband, to live together after God's ordinances in the holy estate of matrimony? Wilt thou love him, comfort him, honor and keep him in sickness and health, and forsaking all others, keep thee only unto him as long as ye both shall live?"

Several omissions of archaic and unnecessary phrases in the present form of service are made. In the present form, the minister at the close of the exhortation is required to say: "For be ye well assured that if any persons are joined together otherwise than as God's word doth allow, their marriage is not lawful."

The new form is as follows: "For be ye well assured that if any persons are joined together otherwise than as God's word doth allow, their marriage is not such as The Church alloweth."

This puts into enduring form in the marriage ceremony the Church's protest against the remarriage of divorced persons.

If the revision of the marriage service is ratified by the convention here next October, it must then go to the diocesan conventions and be ratified again by the convention of 1922. The Episcopal General Convention meets only once in three years.

One Thousand People

—and even more, will want us to make photographs for them for holiday gifts. This same thousand or more will wait till the last minute and rush down—and then up and ask us to get out twelve thousand photographs in time to catch the next train. The wise ones will come early. Pontotoc County Asked for \$1,500 on Roosevelt Fund

OKLAHOMA CITY, Okla., Oct. 3.—James J. McGraw, republican national committeeman and state chairman of the Roosevelt Memorial Association, announced today that Pontotoc county's apportionment in the drive for funds to erect memorials to the late Colonel Theodore Roosevelt is \$1,500.

While the campaign for contributions does not begin until the week of October 20th, it is announced by McGraw that donations will be received at any time from now until the end of the drive, Oct. 27th. Checks should be made payable to Earl W. Sinclair, who is the president of the Exchange National Bank, at Tulsa, and delivered to your county chairman.

It is the plan of the Roosevelt Memorial Association, a nation-wide organization, to raise a fund of not less than five million dollars to erect suitable memorials to the memory of Roosevelt, and Oklahoma's apportionment has been fixed at \$100,000. This fund will be raised entirely through non-partisan, popular subscriptions in order to give the hundreds of thousands of admirers of Roosevelt an opportunity of assisting in perpetuating his memory through future generations.

Every contributor becomes a member of the Roosevelt Memorial Association and will receive a receipt from the National Headquarters in New York City.

The Roosevelt Memorial Association is strictly a non-partisan organization, and its national as well as state officers, include some of the most prominent women and men in

the country. Governor Robertson is a member of the Oklahoma State Executive Committee. W. R. Schulte is chairman for Pontotoc county, and has reported to state headquarters that Pontotoc county will go over the top with its apportionment.

Coming "The Right to Happiness."

Liberty Theater Monday and Tuesday, Oct. 6 and 7. "The Right to Happiness" will be one of the most talked of pictures of the year. You have not seen the opening chapter before you realize that you are in the presence of a rich subject—a subject which presents a powerful theme, is dramatically told, and one which sweeps forward with a mighty crescendo. If you have been skeptical of Allen Holubar's ability as a director, even though he sponsored "The Heart of Humanity," you can appreciate now that his talent is no mere flash. He reveals himself as a born storyteller, a gifted dramatist, and a master director.

It is a rare entertainment he has achieved. To force the moral home he has made it timely through economic problems which are facing the world today. The conflict of Capital versus Labor, the menace of red revolution, the cause of the down-trodden, are themes which are deftly interwoven into the framework.

And the moral is emphasized throughout. No loopholes are discernible. Mr. Holubar has built well. And to present it forcefully the emotional talents of Dorothy Phillips are called upon.—Length 8 reels.

Special music. Children 35c; Adults 50c.

## 800,000 SERBIANS PERISH DURING WAR

By the Associated Press. BELGRADE, Sept. 20.—One-fifth of the population of Serbia, or about 800,000 persons, perished from all causes during the war. Typhus alone claimed about 300,000 of these. No figures have yet been furnished as to the number of deaths in the army. It is known that the total number of men mobilized was 700,000. Of this number 300,000 were combatant troops and 400,000 were used in various auxiliary services. About 100,000 Serbians were interned in Bulgaria during the war, and of these about one-half are believed to have perished, according to the reports of the Inter-Allied Commission.

When your food does not digest well and you feel "blue," tired and discouraged, you should use a little HERBINE at bedtime. It opens the bowels, purifies the system and restores a fine feeling of health and energy. Sold by Bart Smith, adv.

## LONDON BURGLARS ARE MORE ACTIVE

By the Associated Press. LONDON, Oct. 3.—Burglary has increased eighty per cent in London during the past year, and burglary insurance companies are urging policy holders to help them defeat the gentlemen who covet another people's property.—take it.

"We tell a householder that if he would remove the ordinary rim lock and replace it with a mortised lock, one sunk in the edge of the door, he would make his premises safer," said an official. "The first can be readily jimmed; the second is almost buglar proof."

## ENGLISH FARMING PAYS BIG PROFITS

By the Associated Press. LONDON, Oct. 3.—Intensive farming is profitable in England, according to a statement made by A. E. Bryant, of Preston Bissett, at a labor meeting in Buckingham.

Mr. Bryant's balance sheet showed he farmed 25 acres of land, which cost him \$350 a year in rent. For his product, wheat and beans, he received \$3,375, leaving him a profit of \$2,575.

## COMANCHE INDIAN WINS WAR MEDALS

LAWTON, Okla., Oct. 3.—For capturing one German and killing another while wounded on the battlefields of France, Cablin Atchavil, a Comanche Indian of Walter, Okla., has been awarded the Distinguished Service Cross and the Belgian Croix de Guerre. Atchavil received the medals at the state fair at Oklahoma City last week.

The deed of valor which won the D. S. C. and Belgian war cross for Atchavil was performed during the American drive in the St. Mihiel sector in September, 1918. He was then with Co. A 35th Infantry, 90th Division.

Atchavil was a selected service man from Comanche county. He was sent to the army from Lawton, April 25, 1918.

## Japanese Rice Embargo Will Effect Hawaii

By the Associated Press. HONOLULU, T. H., Sept. 25.—Correspondence of The Associated Press.—That an embargo on the exportation of rice, recently imposed by the Japanese government, will cause such an exodus of Japanese from Hawaii, if it remains in effect, as to create a serious shortage of plantation labor, is the claim made editorially by the Nippu Jiji, a Japanese daily published in Honolulu.

The Nippu Jiji concludes that the embargo on Japanese rice, coupled with prohibition in Hawaii, will cause many laborers to return to the homeland, as in Hawaii "no joy in life can be found because sake (a Japanese liquor) and rice meals are unobtainable."

Hawaiian and California rice is declared by the Nippu Jiji to be greatly inferior to the Japanese product. The editorial continues: "It is a fact that the exodus of Japanese laborers from Hawaii has greatly increased since the territory went dry last year."

The Strong Withstand the Heat of Summer Better Than the Weak. Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking GROVE'S TASTE-LESS CHILL TONIC. It purifies and enriches the blood and builds up the whole system. You can soon feel its strengthening, invigorating effect. 60c.

LUNCHES AT PALM GARDEN. Our equipment is installed for serving hot lunches. We also serve chili of the highest class.—Palm Garden. 9-29-19

## Buy Lots In BEAUTIFUL BELMONT

The certainty of Ada's growth, makes it wise to buy resident lots when they are offered at a reasonable price. John Jacob Astor said, "Buy at the fringe and wait." Following this principal, made his children among the richest in the world.

We still have a few lots left in BEAUTIFUL BELMONT ADDITION, that we will sell on the original terms, \$1.00 down and 50c per week.

We have all city conveniences in Belmont, such as sewer, lights, water and gas. Others have made money on Belmont lots and the same opportunity awaits you.

## CORPORATION TAX SHOWS INCREASE

By News' Special Service. OKLAHOMA CITY, Oct. 2.—Collections of corporation license fees since July 1 of this year have reached a total of \$167,547.77 and there are more than 7,000 Oklahoma corporations delinquent in their payment of license fees.

Prior to July 1, 1918, the payment of corporation license tax fees amounted to about \$60,000 a year for the preceding ten years. Through an aggressive and intensive system of collection and checking the collections have been placed on such a basis that it is estimated that the receipts from this source for this year will reach a quarter of a million dollars. Last year's collections amounted to \$203,649.

Neuralgia of the face, shoulder, hands or feet requires a powerful remedy that will penetrate the flesh. BALLARD'S SNOW LINIMENT possesses that power. Rubbed in where the pain is felt is all that is necessary to relieve suffering and restore normal conditions. Sold by Bart Smith, adv.

## SHIP BUILDERS ASK FOR WAGE INCREASE

By the Associated Press. TOLEDO, O., Oct. 3.—Officials of the seven shipbuilding crafts here have submitted demands to the Toledo Shipbuilding Company calling for an increase of 25 per cent in wages to the 2,500 men employed. The demands call for \$1 an hour for mechanics who now are receiving 80 cents, and a proportionate increase for helpers. The company has a large contract with the government for construction of ships for the Emergency Fleet Corporation.

## ALSATIANS WEAR FRENCH UNIFORMS

By the Associated Press. PARIS, Oct. 3.—Twenty thousand young men of Alsace-Lorraine, most of whom once fought in the German army, will from next month don the French horizon blue.

It is announced from Strasbourg that Alsatiens and Lorrainers born in 1898 and 1899 are to be called to the colors—the tri-colors—in October.

## RELIGIOUS ORDER TO FIGHT THE REDS

By the Associated Press. LONDON, Sept. 22.—(Correspondence of The Associated Press.)—A religious order has been formed at Omsk, named after St. Hermogenes, ancient patriarch of Moscow, who in troublesome times in the past roused the people of Russia to fight the enemies of the country.

The intended activities of the order are varied and include the formation of a detachment of "Crusaders" to volunteer for service at the front.

These troops are united by the idea that the conflict with Bolshevism is the war of Christianity against hostile forces and the cross, worn by every Crusader, is symbolic of this idea. The Crusaders also, besides being obedient to ordinary military discipline, are subject to special regulations, according to which the slightest act of insubordination constitutes a breach of honor.

#### Help a Needy Minister.

There is a pastor of one of our churches in the Durant District whose salary this year will be less than six hundred dollars. He is working for about a dollar and a half a day. He needs a suit of clothes, size of coat and vest 42-34, size of trousers 42-34. He needs a hat size seven and a pair of shoes size eight. He needs shirts size 17. He has a son thirteen or fourteen years of age who needs a suit. This

boy needs shoes and stockings size four, a hat size six and three-quarters, shirts, etc. I wish friends with the milk of human kindness in their breasts would help me get an outfit for this preacher and his son. My phone number is 6-2-2. Call me up or send something to the parsonage that might go into a barrel for this good man and his needy child. —Wallace M. Crutchfield.

#### Ada Playhouses

##### AT THE LIBERTY.

Jimmie Doyle and singing show continue to please the vaudeville patrons at the Liberty. This is an exceptionally strong show free from smut and when it comes to harmony singers they have them. Offering a complete change both vaudeville and pictures. The feature for

today is a Paramount special directed by Griffith, "The Woman Thou Lovest Best."

##### AT THE AMERICAN.

Showing for the last time today is the "king of comedians," Charlie Chaplin in "The Dog's Life." It pleased those who were fortunate to get in last night and no doubt it will play to a packed house tonight with this three reels of Chaplin comedy in Bessie Barsdale in "The Woman Michael Married." The feature for

Caps.....\$1.00 to \$3.50  
Shoes.....\$5 to \$15  
Gloves.....\$1 to \$7  
Neckties.....50c to \$4.50  
Socks.....35c to \$1.75

### OPEN LETTER FROM JUDGE BOLEN TO LABOR

(Continued from Page One.)

Cement Plant. "We want to have something to say about the worth of our labor. The cement plant which had been paying starvation wages since it was established, denied that right and fired every one who joined the Union, and to the surprise and chagrin of the lovers of exact justice, many good citizens organized the Citizens' Alliance and took sides with the Cement Company against the laboring people of Ada, siding in with the millionaires of Denver against our home people. Most of them did this thoughtlessly, not realizing the justice of this simple demand of labor to set a price upon its work, which was just and will soon prevail throughout the civilized world. They signed resolutions which seriously retarded the union cause, and when I took occasion to point out the awful error into which they had fallen they have accused me of being an agitator, not extending to me the privilege of differing from them on these live questions. However, I exercised that right anyway and shall continue to do so irrespective of the condemnation of these misguided gentlemen.

Your citizenship was recently exemplified in the bond election when you went on record favoring civic and substantial improvements for the city, and I want to assure you that we have three honest city commissioners, and I will watch with an eagle eye to see that this money is properly expended. They have already sold the bonds for more than they are worth on the market, and I think that they will do right in the future, and if they do, no cement produced by the Cement Plant that declares labor has no rights shall be used in the construction of any of the work, or none of these men who sought to strike down your rights and just demands shall be allowed to furnish any material in this contract.

Labor is a live moving element in the production of all wealth, and is entitled to a fair and full consideration, and no manufacturing concern that would place a crown of thorns upon the brow of labor has a right to profit by materials furnished the public, and I shall insist that the city commissioners refuse to use anything but union labor, and refuse to use any material produced by the enemies of labor. We should make this an issue in the next campaign and if we do, labor will win out and the arrogant Cement Company that would work people for nothing will be brought to a realization of a few ideas of exact justice.

I thank you sincerely for your confidence and admiration of the doctrines that I appreciate.

Very sincerely your friend,  
J. W. BOLEN.

### RIVAL CANDIDATES IN NEW JERSEY'S GOVERNOR RACE

Senator Edward I. Edwards, above, and Newton A. K. Bugbee.

Senator Edward I. Edwards recently won the Democratic nomination for the governorship of New Jersey, and Newton A. K. Bugbee won the Republican nomination. The race between the two is expected to be a strenuous one.

#### Card of Thanks.

To Colored People of Ada: We take this method of thanking you through the News for your liberal contribution towards the expenses of the burial of one, Will (Brady) Hudson who died of gunshot wounds. His people also wish to thank you for the kindness shown them during their stay in the city. The amount raised thus far is \$22.80 and if any one desires to give who have not as yet given, you may see me.

Respectfully yours,  
C. C. CANNON.

Let a Want Ad get it for you.

### IMPRESSIVE FUNERAL SERVICES H. C. RUSSELL

A number of Ada friends attended the funeral services of H. C. Russell, which were held at Roff yesterday afternoon. This was one of the most impressive funeral ceremonies that has ever been held at the little white city of the dead in the history of Roff. Friends from far and near went to pay their last tribute of respect to this beloved citizen of Oklahoma.

Rev. W. H. Burton of Fayetteville, Ark., preached a very appropriate sermon on this occasion. Mr. Russell was laid to rest with Masonic honors, Judge A. L. Bullock of this city acting as Worshipful Master. The generous floral offerings from friends over the state was a splendid evidence of his popularity among the people at large.

Among those who went from here to attend the services were: B. C. Harbert and family; Mr. and Mrs. L. A. Brady; Dr. and Mrs. M. M. Webster; Mrs. Irwin Chamberlain; Dr. F. R. Laird and wife, and A. L. Bullock.

W. F. Russell, eldest son of the deceased, is reported to be confined to his room with illness today at the home of his brother, Claude Russell, at Roff. Three sons of H. Russell, Fred, Roy and Edgar, returned this morning to their home at Altus, Okla.

Mr. and Mrs. O. D. Wright went to Ardmore this afternoon where they will visit over the week-end with their son, Clyde, who is attending the St. Agnes College at that place.

Bring your clean cotton rags to the Ada News office. We will pay you 3c a pound.

"Nine tailors make a man" —not always, but one of our New Fall Suits will make a man's appearance all he could wish.

Every man must realize what a wonderful asset a good appearance is.

All things being equal, the well dressed man gets the preference —every time.

These New Fall Suits will "well dress" a man to perfection.

Men's Suits in the new styles and patterns, \$17.50 to \$44.50.

The new Fall Hats are here, too.

Underwear for men — the kind that fits.
